## DECLARATION OF INTEREST

---

### EXECUTIVE SUMMARY

1. Members are reminded of the need to stand aside from decision-making when a conflict arises between their role as an elected representative and any private or other external interest they might have.
2. Elected members are reminded to update their register of interests as soon as practicable, including amending the register at this meeting if necessary.

### RECOMMENDATIONS

That the Subcommittee:

- a) **Notes/Amends** if necessary the Elected Members' Interest Register and
- b) **Confirms/Amends** the proposed management plan for Elected Members' Interests.

Name	Responsibility (i.e. Chairperson etc)	Declaration of Interests	Nature of Potential Interest	Member's Proposed Management Plan
	Member	West Harbour Community Board (Council appointment)	No conflict identified	Seek advice prior to the meeting if actual or perceived conflict of interest arises.

## PART A REPORTS

### PROPOSED PARKING CHANGES

Department: Transport

---

#### EXECUTIVE SUMMARY

- 1 This report seeks support from the Regulatory Subcommittee (Subcommittee) for changes and clarifications to parking restrictions.

#### RECOMMENDATIONS

That the Committee:

- a) **Recommends** Council to approve the proposed changes to parking restrictions shown in the June 2022 update of the Dunedin City Council's traffic and parking restrictions database, <https://tinyurl.com/ParkingJune2022>.

#### BACKGROUND

- 2 Traffic and parking controls contribute to the objectives of the Dunedin Integrated Transport Strategy 2013, by helping to achieve a safe, efficient and accessible transport network.
- 3 Council maintains a Geographic Information System (GIS) map database of traffic and parking restrictions (the database) that reflects all on-street parking restrictions that are implemented with markings and/or signs.
- 4 Parking controls are made under the Traffic and Parking Bylaw. The Subcommittee has the delegation to consider changes to parking controls and to make recommendations to Council that can approve traffic restrictions and parking controls.

#### DISCUSSION

- 5 Council receives a range of unsolicited requests from individuals and businesses to change parking restrictions. When considering these requests, officers assess a range of factors including safety concerns, commuters' needs, commercial users' needs, road width and topography, traffic flow, neighbouring on-street parking spaces, visibility concerns and crash statistics. If a proposed change is supported by officers, consultation is undertaken with affected residents, businesses and property owners to demonstrate support for the requested change.

- 6 Recommended changes and clarifications to parking restrictions are shown in <https://tinyurl.com/ParkingJune2022> and detailed in Attachments A (TPC-30 Minor Changes) and C (TPC 31-Clarifications and corrections). The GIS layer includes a bookmark feature which links the numbered cases presented in the tables of Attachment A and Attachment C, to their specific location on the GIS layer.
- 7 The recommended parking restriction changes detailed in Attachment A (TPC-30 Minor Changes) include:
  - a) parking changes to improve safety, efficiency or access where appropriate engagement has been carried out with affected parties
  - b) changes to improve the operation of the bus network where appropriate engagement with affected parties has been carried out by the Otago Regional Council (ORC).
- 8 A summary of the consultation undertaken with affected parties, including owners, residents and businesses is shown in Attachment B (Consultation Summary).

### **Minor Changes**

- 9 The proposed changes at Eden Street and Gordon Road, are part of the construction of the new Mosgiel Pool. The changes include installing broken yellow lines at and near the intersection and relocating a bus stop on Gordon Road. These changes are essential for the safe and efficient operation of the intersection which is located on a state highway.
- 10 In March 2021 a letter drop was sent to approximately 200 properties showing an initial design for the intersection with an estimated loss of 15 carparks. The feedback received from the consultation included one piece of feedback opposed to the parking loss. All feedback was responded to and the Mosgiel Taieri-Community Board was updated in May 2021.
- 11 After the feedback was received, the design for the intersection was updated and it was determined that 24 car parks would need to be removed in order to provide sight lines for vehicles approaching the intersection, and a right turn bay for vehicles to enter the pool car park.
- 12 A further letter drop was sent to residents living nearby the site of the pool on 01 June 2022. Residents were shown the updated design for the intersection and advised that 24 car parks would be lost to support its construction. Staff have subsequently received two pieces of feedback opposing the loss of parking.
- 13 All of the properties affected by these changes have off street parking.
- 14 At the 8 June 2022 meeting of the Mosgiel Taieri Community Board, the changes were discussed, and board members opposed signalling the intersection and the fact that this would reduce parking.
- 15 Six cases relate to bus stops with four of them involving improvements to provide longer entry and exit tapers providing safer access for bus drivers and users.
- 16 The location of the 'Changing Places' toilet at the Library and Civic Centre will be moved to a nearby space in the future. This change was requested following discussions between Transport, Property Services, the Programme Management Office and the Disability Issues Advisory Group.

The space that had been regulated for the location of the toilet will be reverted to a P5 parking space.

- 17 The parking restrictions on Dowling Street have been reviewed and all the paid 240-minute parks are proposed to be changed to shorter-stay paid 120-minute restriction. Some new unpaid short-term restrictions will also be introduced on the street. The decision to change the restrictions was made after officers met with several business owners that wanted to see higher parking turnover on the street.
- 18 Changes to parking restrictions as part of the Dunedin Safer School Streets project are included in this report. The project targeted seven schools (Grants Braes, Bradford School, Balmacewen Intermediate, Liberton Christian School, Pine Hill School, Opoho School and North East Valley School) for streetscape interventions that improve safety. Parking restrictions relating to these interventions are detailed in Attachment A (TPC-30 Changes). One of the parking changes, originally part of the Bradford School improvements, is not included in this report due to an updated agreement between the Transport team and new school management. A pick-up and drop-off area will instead be trialled before being considered for regulation.
- 19 Magnet Street is being resealed and one section of the cycleway is being moved alongside the railway fence. Eighteen (18) 240-minute parks and a boat/trailer parking area will be created on this street. Following feedback, the restriction will only operate during weekdays.

#### **Parking Count**

- 20 In total, it is proposed there will be a net loss of 29 parks across the city. The table below shows the net losses and gains due to the proposed parking changes.

<b>Losses and Gains</b>			
	<b>Loss</b>	<b>Gain</b>	<b>Net</b>
Net all parks	<b>106</b>	<b>77</b>	<b>-29</b>

#### **Clarifications and Corrections**

- 21 Clarification of parking restrictions and corrections to the database are detailed in Attachment C (TPC-31-Clarifications and corrections). They do not change current parking restrictions, but include:
  - a) Markings or signs which will clarify parking controls that are already in place. Changes may make existing markings or signs clearer or reinforce existing rules (for example installation of no-stopping lines to clarify that no vehicles may stop within one metre of a driveway or within six metres of a junction under the Land Transport (Road User) Rules 2004). These clarifications are considered necessary for access or safety reasons and are an exception to Council's general approach not to mark anything that is currently enforceable under existing rules.
  - b) Corrections to the database that have been made to accurately reflect the parking restrictions which are on the ground.

## OPTIONS

- 22 Two options are proposed. The recommended option is to proceed with the proposed changes to the GIS database and option two is maintaining the status quo.

### Option One – Approve the proposed changes (recommended option)

- 23 That the Subcommittee approves the proposed changes to the traffic and parking controls database.

#### *Advantages*

- Improves safety, efficiency and access on the transport network by:
  - enabling property access by prohibiting obstructive parking, making existing parking controls clearer, and providing for access to new driveways
  - providing an improved and enforceable framework of parking restrictions
  - providing appropriate length of parking stay according to the surrounding land uses
  - increasing visibility at intersections.
- 1
- Improves public transport infrastructure by providing bus stops to support bus services and enables buses to safely enter and exit bus stops.
- Contributes to achieving an integrated, affordable responsive, effective and safe transport network.

#### *Disadvantages*

- Costs of installation.

### Option Two – Status Quo

- 24 Retain the parking restrictions without amendment.

#### *Advantages*

- Council resources can be allocated to other transport projects.

#### *Disadvantages*

- Does not improve efficiency and access to the transport network.
- Does not improve safety or reduce conflict points.
- Does not contribute to the Integrated Transport Strategy goals

## NEXT STEPS

- 25 If the Subcommittee recommends the changes to traffic and parking controls, a report of the proposed changes will be brought before Council for approval.

- 26 If Council approves the recommended changes to parking restrictions, these will be implemented through appropriate signs and road markings and restrictions will be enforced under the Traffic and Parking Bylaw

### Signatories

Author:	Paula Barragan - Policy Analyst - Transport Regulation
Authoriser:	Jeanine Benson - Group Manager Transport Simon Drew - General Manager Infrastructure and Development

<a href="#">↓B</a>	Consultation Summary	24
<a href="#">↓C</a>	TPC-31 Clarifications and corrections	31

**SUMMARY OF CONSIDERATIONS**

***Fit with purpose of Local Government***

This report enables democratic local decision making and action by, and on behalf of communities; and promotes the social, economic and environmental wellbeing of communities in the present and for the future.

***Fit with strategic framework***

	Contributes	Detracts	Not applicable
Social Wellbeing Strategy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Economic Development Strategy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Environment Strategy	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Arts and Culture Strategy	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3 Waters Strategy	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Spatial Plan	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Integrated Transport Strategy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parks and Recreation Strategy	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other strategic projects/policies/plans	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Establishing and changing traffic and parking restrictions support the achievement of a safe, efficient and accessible transport network, and supports the social and economic wellbeing of Dunedin communities.

***Māori Impact Statement***

Mana whenua have expressed support for a safe and efficient transport network.

***Sustainability***

Parking control changes improve efficiency and access to the transport network, which contribute to sustainability goals.

***LTP/Annual Plan / Financial Strategy /Infrastructure Strategy***

There are no implications.

***Financial considerations***

Costs for implementing the proposed changes are covered by existing budgets.

***Significance***

The report is considered of low significance in terms of the Council’s Significance and Engagement Policy.

***Engagement – external***

Engagement has been undertaken with relevant and affected parties.

***Engagement - internal***

Transport, legal and parking services staff have been consulted.

***Risks: Legal / Health and Safety etc.***

This report seeks changes and clarifications to the GIS map database of traffic and parking controls of the Traffic and Parking Bylaw.

**SUMMARY OF CONSIDERATIONS**

***Conflict of Interest***

There are no known conflicts of interest.

***Community Boards***

Mosgiel Taieri Community Board and Otago Harbour Community Board have been informed of the relevant proposals.

PROPOSED PARKING CHANGES-REGULATORY SUBCOMMITTEE (07-06-2022)						
Minor Changes						
KEY: ORC=Otago Regional Council; BYL=Broken Yellow Lines; (NS)=No stopping/no parking; (AVO)=Authorised Vehicle Only; (ROP)= Resident Only Parking; (PUDO) Pick-up and Drop Off; (P5+)= P5/All day; (MOTO)=Motorcycle; (NONE)=Driveways or other similar infrastructure not including park						
CASES						Losses and Gains
N	Location	Type	Subtype	Description	Consultation	Detail
<b>MINOR CHANGES TPC-30</b>						
1	549 Portobello Rd (Mission Cove)	Minor Change	Bus stop relocation/removal/inclusion	Unregulated bus stop included into the bylaw layer and shelter to be installed	Consulted with ORC and Community Board updated	No loss, no gain (Existing bus stop on site)
2	228 Gordon Road	Minor Change	Bus stop relocation/removal/inclusion	Relocation of bus stop #228 to #220 Gordon Rd, as part of the Mosgiel Pool project	Relocation of bus stop coordinated with ORC Affected property owners and residents were consulted on the change	No loss, no gain (New layout due to the Mosgiel pool project)
3	17 King Edward Street (Near overbridge)	Minor Change	BYL installation/removal	Approximately 10 metres of BYL to be installed to provide the bus stop with appropriate entry and exit tapers (Only 3 of the 10 metres are parking space) Measure requested by Dunedin Tramways Union and supported by Otago Regional Council (ORC)	Coordinated with ORC No consultation required as there are no other affected properties	No loss, no gain (BYL converted to entry/exit tapers)
4	Princes Street (The Oval)- Direction South	Minor Change	BYL installation/removal	Approximately 13 metres of BYL to be installed to provide the bus stop with appropriate entry and exit tapers Measure requested by Dunedin Tramways Union and supported by Otago Regional Council (ORC)	Coordinated with ORC No consultation required as there are no other affected properties	1 Unrestricted lost (Converted into BYL, second space within 6m of a bus stop)
5	Princes Street (The Oval)- Direction North	Minor Change	BYL installation/removal	Approximately 6 metres of BYL to be installed to provide the bus stop with appropriate entry and exit tapers Measure requested by Dunedin Tramways Union and supported by Otago Regional Council (ORC)	Coordinated with ORC-No consultation required as there are no other affected properties	No loss, no gain (Within 6m of a bus stop)
6	Eden Street and Gordon Road intersection, Mosgiel	Minor Change	BYL installation/removal	Intersection will be upgraded as part of the new Mosgiel Pool project Installation of BYL at the new intersection	Design consulted on with property owners and residents in the area Mosgiel-Taieri Community Board updated on feedback	24 unrestricted lost (Converted into BYL)
7	50 The Octagon	Minor Change	BYL installation/removal	Possible change of location for the 'Changing Places' toilet Reinstate P5 park until there is a final decision on the best location for the toilet	Consultation not required	No loss, no gain
8	138 Union Street (Opposite to)	Minor Change	Restriction change	One (1) unrestricted park converted to Authorised Vehicle Only Change requested by Café operating in the area	Consulted with owners and residents of relevant properties	1 Unrestricted lost 1 AVO gained

CASES							Losses and Gains
N		Location	Type	Subtype	Description	Consultation	Detail
9		12 Every Street	Minor Change	BYL Installation/removal	Unrestricted area converted to NSL Request from resident in the area, supported by a transport safety assessment	Consulted with owners and residents of relevant properties	No loss, no gain (Near a bend)
10		2 Tewsley Street	Minor Change	Restriction change	Three (3) unrestricted parks converted to 30-minute parks (Mon-Fri 8am to 6pm)-Change requested by nearby business	Consulted with owners and residents of relevant properties	3 Unrestricted lost 3 Restricted 30 minutes gained
11	11.1	Lower Dowling Street	Minor Change	Restriction change	Twenty-seven (27) Paid 240-minute parks converted to Paid 120 minutes	Consulted with owners and residents of relevant properties	27 Paid 240 minutes lost 27 Paid 120 minutes gained
11	11.2	Lower Dowling Street	Minor Change	Restriction change	One (1) Paid 240-minute park converted to Restricted 30-minute park	Consulted with owners and residents of relevant properties	1 Paid 240 minutes lost 1 Restricted 30 minutes gained
11	11.3	Lower Dowling Street	Minor Change	Restriction change	Change of operation times for two 5-minute parks and removal of coach park	Consulted with owners and residents of relevant properties	No loss, no gain
11	11.4	Lower Dowling Street	Minor Change	Restriction change	Two (2) Paid 240-minute parks converted to 5-minute parks	Consulted with owners and residents of relevant properties	2 Paid 240 minutes lost 2 Restricted 5 minutes gained
