PART A REPORTS

REPORT FOR ON-LICENCE RENEWAL, "ELEVEN BAR AND CLUB", 11 THE OCTAGON, DUNEDIN – FROM SECRETARY, DISTRICT LICENSING COMMITTEE

Department: Civic

APPLICATION DESCRIPTION

Applicant's Name:	Eleven 2021 Limited
Site Address	11 The Octagon, Dunedin
Trading Name:	Eleven Bar & Club
Style of Licence	Tavern
Application Number	ON-20-2021
Date received by Council	14 November 2022

EXECUTIVE SUMMARY

- 1 This is a report for an application for a renewal of an on-licence for the premises situated at 11 The Octagon, Dunedin, and known as "Eleven Bar & Club". The criteria found at section 131 of the Sale and Supply of Alcohol Act 2012 (the Act) apply to this application.
- 2 The application seeks to change the licensed times for Wednesday to Sunday to 9.00 am to 4.00 am the following day and 9.00 am to 12.00 midnight on Mondays and Tuesdays. However, once it was pointed out that the Local Alcohol Policy (LAP) has a maximum closing time of 3.00 am they decided to stay with the current 8.00 am to 3.00 am the following day on each day.
- 3 One public objection has been received and both reporting agencies (Police and Medical Officer of Health) have opposed this application. The Licensing Inspector has also opposed the application.
- 4 The Licensing Inspector would also like to see condition added to the licence relating to the management of the two levels of the premises. Currently there is only a requirement to have a duty manager present on the premises however, they operate on both the ground floor and first floor of the premises. The Inspector would like a condition requiring a duty manager to be present for each of the two areas.

APPLICANT AND APPLICATION*Applicant*

- 5 The applicant company, Eleven 2021 Limited, initially had two directors and equal shareholders, Ravinder MOHAN and Prakash KHATTTRI. On 1 August 2021 Mr KHATTTRI was removed leaving Mr MOHAN the sole director/shareholder for the company, the same as when the company was first registered. When the original on-licence application was made on 3 August 2021, both Mr MOHAN and Mr KHATTTRI were recorded as directors/shareholder.
- 6 Mr KHATTTRI was reinstated as director/shareholder on 1 December 2021, two days before the on-licence was issued.
- 7 On 2 May 2022 Mr MOHAN was removed as director/shareholder and Mr Naveen MALHOTRA and Mr Nikesh SINGH were appointed as directors and 25% shareholders each. The Alcohol Regulatory and Licensing Authority (ARLA) was not advised of this change in company structure as required by section 69 of the Act.
- 8 At the meeting regarding the renewal of the licence on 5 December 2022, Mr KHATTTRI advised that from 20 December 2022 he would be the sole director and shareholder with the removal of Mr SINGH and Mr MALHOTRA.
- 9 Mr KHATTTRI listed himself as a duty manager for the premises however he allowed his manager's certificate to expire. An application for a new certificate is with the Committee.

PUBLIC NOTICE

- 10 Public Notice of the renewal application attracted one public objection and the three reporting agencies have opposed the renewal.

Objections/Opposition

- 11 **Objection:** The objection was submitted by the Students for Sensible Drug Policy Dunedin. this group is affiliated with the Otago University Students' Association (OUSA) and has the goal of reducing drug related harm, and advocate for drug policy change, in Dunedin and Aotearoa. Alcohol is considered the most commonly used drug in New Zealand. This premises is a venue patronised by Dunedin's student population therefore they believe they do have an interest greater than the public generally.
- 12 The grounds of the objection include:
 - Object of the Act – s.105(1)(a): the application is incomplete and does not include some of the prescribed attachments. The objector believes this makes it difficult to assess whether the object of the act is being met.
 - Suitability – s.105(1)(b): the applicant has not completed the form accurately and have failed to include some relevant information, for example, the change in company structure. They believe this indicates the applicant is not aware of their obligations under the Act and is therefore unsuitable.

- Design and layout – s.105(1)(d): the application indicates the entire premises is a supervised area. at night part of the premises operates as a nightclub and should have a 'restricted' designation.
- Systems, staff and training – s.105(1)(j): the incomplete application and missing supporting documentation in relation to a high-risk premises indicates the likelihood of insufficient systems and training within the business to comply with the legislation.

13 Police opposition: The Police opposition is based on the object of the Act, the suitability of the applicant, the systems, staff and training at the premises and the amenity and good order of the location. The reasons include:

- Police currently have five applications before the Authority seeking the cancellation of this licence. They relate to breaching the conditions on the licence, intoxicated patrons at the premises, disregarding Covid regulations regarding gatherings of people and a disregard to Food Safety regulations.
- Three of the premises duty managers are subject to matters before the Authority therefore questions the systems and training that takes place within the premises.
- The amenity and good order is affected in the this area and the Police believe this premises is responsible for a lot of the noise, litter and disorder reported to Police.

14 Medical Officer of Health: The Medical Officer of Health has similar grounds to the Police:

- Object of the Act: the premises is not being operated in a manner that upholds the object of the Act. Their business operation does not constitute safe and responsible supply of Alcohol.
- Suitability of the applicant: despite being subject of the graduated response interventions by the Police, there are ongoing issues with a lack of active management, intoxication on the premises and a general lack of knowledge of the alcohol legislation.
- Systems, staff and training: there have been incidents where Police have had to eject intoxicated people from the premises. This raises questions as to the training of staff, compliance with their policies and daily management of the premises.

15 Licensing Inspector: The Licensing Inspector has raised several matters similar to the other agencies:

- Object of the Act: the premises is not selling/supplying alcohol in a responsible manner. People are becoming intoxicated and allowed to remain on the premises.
- Suitability: the applicant has not completed the application form correctly. They have indicated there have been no changes to the licensee status when the company structure has changed, and this has not been advised to the Authority. The licensing hours sought are beyond the provisions of the LAP. One of the managers listed has an expired manager's certificate. The supporting documents did not match those in the premises.
- Relevant local alcohol policy: the hours sought were outside the maximum stated in the LAP.

- Systems, staff and training: there is no documented training system in place at the premises nor is there a register of duty managers. An on-licence toolkit was supplied when the agencies visited for the initial licensing visit however, this has not been completed or utilised in any way. The applicant has only recently been made aware of the free, online ServeWise training.

CONCLUSION

- 16 This is the first renewal of the licence. It has attracted a public objection and the three reporting agencies have opposed the renewal of the licence.
- 17 There are several areas of concern identified, some of which are the subject of applications to ARLA for the cancellation of the licence. Three of the duty managers also have applications before the Authority. The ARLA hearings are to take place on 9 March 2023.
- 18 The matters for the Committee to consider will relate to the object of the Act, the applicant's suitability to hold a licence, the systems, staff and training utilised by the applicant, and the impact of this premises on the amenity and good order of the central city.

APPLICATION FOR ON-LICENCE RENEWAL

Incomplete applications will not be processed

The application must be accompanied by the correct fee (see page 2).

The District Licensing Committee (DLC) will notify the public of this application via the Dunedin City Council website and the Otago Daily Times (the advertising cost is included in the application fee).

The contact person will be emailed a copy of the public notice to be displayed on the premises.

Please use separate pages to provide extra information where necessary.

If you have any questions while completing this form, please contact Dunedin DLC staff on 03 474 3481 or email dla@dcc.govt.nz.

Please read and complete the following checklist before submitting the application

A copy of both the food and drinks menus

Map showing location of 'sensitive' locations, e.g. schools, early childhood facilities, hospitals and churches

Copy of host responsibility policy – for high risk premises please also include an alcohol management plan explaining how you will implement the points of the policy

Letter of authorisation if a consultant is completing this form on your behalf

Office use only

Date received:

Calculate your application fee

- **Class 1 restaurants** – restaurants with a significant separate bar area which, in the opinion of the DLC, operate that bar at least one night a week in the nature of a tavern (such as serving alcohol without meals to tables situated in the bar area)
- **Class 2 restaurants** – restaurants that have a separate bar (including small bar areas) but which, in the opinion of the DLC, do not operate that area in the nature of a tavern at any time
- **Class 3 restaurants** – restaurants that only serve alcohol to tables and do not have a separate bar area

Select your premises type:

Type of premises	Points
Class 1 restaurant, nightclubs, taverns, adult premises	15
Class 2 restaurant, hotels, function centres, universities, polytechnics	10
Class 3 restaurant, other premises not specified	5

Privacy statement

The information you provide in this application, and any supporting documents, will be used by the Dunedin City Council to process your application under the Sale and Supply of Alcohol Act 2012. The information will be shared with the Dunedin District Licensing Committee (DLC), Dunedin District Licensing Inspectors, Police and the Medical Officer of Health as part of the approval process. If required, the information may form part of a public hearing before the DLC and may be used in any subsequent decision relating to your application. The decision will be publicly available.

If your application is publicly advertised, the associated information will be publicly available.

The DCC is required to keep a statutory register of all alcohol licence applications and anyone can request a copy of that information under the Local Government Official Information and Meetings Act 1987. This information may also be used or shared for other purposes in line with the Privacy Act 2020. If you would like a copy of the personal information we hold about you, or to have the information corrected, please contact us at privacy@dcc.govt.nz or 03 477 4000.

HOST RESPONSIBILITY POLICY

Eleven Bar & Club

Our aim at Eleven Bar & Club is to provide a safe and inclusive venue for all our patrons and guests.

We expect our guests to behave and treat our venue, other guests, and staff with respect always. Unruly or inappropriate behaviour, sexual inappropriateness and intoxication will not be tolerated under any circumstances.

If you, or a member of your party is feeling unsafe or uncomfortable, please do not hesitate to speak to a member of our staff and we will get you to a safe place, assess the situation and take the appropriate action.

This is a supervised venue and as such no minor is to be present on site without, a legal parent or guardian present with them, at all times. Please be aware you may be asked for appropriate identification to confirm this.

Current appropriate identification must be carried and will be checked. Acceptable identification includes; current New Zealand Driver's License, current valid Passport, current Hospitality NZ 18+ Card or a Kiwi Access card.

No other forms are acceptable.

We always have a full and extensive menu available.

Free tap water is always available.

We have a full and extensive soft drink and coffee menu. We also have a large range of low and non-alcoholic beverages available at all times.

Intoxication will not be tolerated; intoxicated patrons will be asked to leave the premises. We operate a safe space and safe transport option to ensure our guests always have a safe way to get home. If you need any assistance, please speak to our staff.

**Welcome to Eleven Bar & Club, please enjoy our venue and facilities.
Remember to always be respectful.**

INSPECTOR'S REPORT ON-LICENCE APPLICATION

Applicant	Eleven 2021 Limited
Trading Name	Eleven Bar
Address of premises	11 The Octagon, Dunedin
Type of licence	ON-Licence
Application type	Renewal
Pathway number	ON-20-2021
Date of application	14/11/22
Interviewee	Prakash Khattri (Director), Steven Dewe (Duty Manager)
Date of interview	5 December 2022

Applicant details

ELEVEN 2021 LIMITED
Company number: 8197964
NZBN: 9429049426564
Incorporation Date: 24 June 2021
Company Status: Registered
Entity type: NZ Limited Company

The current Directors are Prakash Khattri, Nikesh Singh and Naveen Malhotra all of Dunedin. Current shareholders are Prakash Khattri (50%), Nikesh Singh (25%) and Naveen Malhotra (25%) all of Dunedin.

Company history:

- When this company was first incorporated on 24 June 2021, the then Directors and equal shareholders were Ravinder Mohan and Prakash Khattri.
- On 1 August 2021, Prakash Khattri was removed as a director/shareholder of this company, with Ravinder Mohan becoming the 100% director/shareholder of the company.
- Mr Mohan was the sole director/shareholder when this company first applied for an ON-licence for the premises known as Eleven Bar, 11 The Octagon, despite the application form (dated 3 August 2021) stating that Mr Mohan and Mr Khattri were 50% director/shareholders.
- This company failed to notify ARLA of director/shareholder changes that occurred on 1 December 2021 (2 days before this premises ON licence was issued on 3 December 2021) when Ravinder Mohan (then 100% shareholder), became a 50% shareholder with Mr Prakash Khattri being added again as a company director and 50% shareholder to the company.
- On 2 May 2022 Ravinder Mohan was removed as a director and 50% shareholder of this company.
- Naveen Malhotra and Nikesh Singh both became shareholders (25% each) and company directors on 2 May 2022. ARLA was not notified of this director/shareholder change as should have occurred under section 69 of The Act.
- During the onsite meeting with Prakash Khattri on 5 December 2022, he informed the agencies that as of 20 December 2022 he would become the 100% Director and shareholder of Eleven 2021 Limited, with both Nikesh Singh and Naveen Malhotra to be removed as Director/Shareholders of the company.

Mr Khattri was reminded by the agencies during the onsite meeting on 5 December 2022 of the need to inform ARLA of any director/shareholder changes within 10 working days under section 69 of The Act.

Mr Khattri is also a Director/Shareholder of Everest Food New Zealand Limited, which owns and operates a licensed restaurant in Cromwell, India Garden. Previously this company also owned/operated India Garden Dunedin, however this premises closed late 2021.

Nikesh Singh and Naveen Malhotra are equal (50%) shareholders Navnik Limited which previously operated Indian Twist a licensed restaurant in Mornington up until April 2022. Nikesh Singh is the sole director of this company.

Naveen Malhotra is also the sole director and 51% shareholder of Anirav Limited which is currently in Liquidation.

General nature of the business (description/background/previously licensed)

Eleven bar is a restaurant/bar/nightclub located within central Dunedin. Daytime trading focuses more on restaurant trade, with the upstairs area of the premises becoming more of a night-club venue later in the evening.

Site Location (zoning/surrounding uses or activities)

2GP Central Business District

Manager details

Current Manager's Certificate holders are

Nikesh Singh – Expires 11/11/24

Isobelle-Rose Cecelia Williams – Expires 05/05/25

Steven Leslie Dewe – Expires 29/04/23

Note: Prakash Khattri, listed as a Duty manager on the application quoted an expired Manager's certificate. Mr Khattri currently (as of the date of this report) has an application in for a new manager's certificate, which The Police have opposed.

Licensing hours sought

Hours were discussed with Mr Khattri during the onsite meeting with questions raised (for clarification) around the hours listed on the renewal application. Mr Khattri confirmed no changes from the current licensing hours (which are 8am until 3am the following day, seven days a week) were being sought.

Are there any changes from the existing licence or Temporary Authority?

No changes sought to conditions once licensing hours being applied for were clarified with Mr Khattri. Changes within the company structure have occurred since the last application.

Designation sought

Supervised (for entire venue).

Correct signage on display?

The licensee displays the following in the correct manner

- | | |
|--|---------------------|
| 1. Copy of licence at principal entrance? | Yes |
| 2. Duty Manager? | Yes |
| 3. Prohibited persons? | Yes |
| 4. Availability of food? | Partial – see below |
| 5. Transport options? | Yes |

A full food menu was on display on the downstairs bar at the time of the agencies visit. Through questioning with Mr Khattri and Mr Dewe it was established that this menu was only available until approximately 10pm, at which time kitchen staff left for the evening. This menu differs to the extensive menu included in the renewal application, which was the original menu from when the premises opened approximately 12 months ago as confirmed by Mr Khattri.

A snack menu is used from approximately 10pm onwards (when the kitchen closes/full menu goes off); however, this menu was only on display at the upstairs bar. Mr Dewe went upstairs and brought down a copy of this menu for the agencies to review upon request. The Applicant didn't give any reason as to why this menu wasn't displayed at all points of sale.

No signage in relation to free water availability was displayed at the upstairs bar.

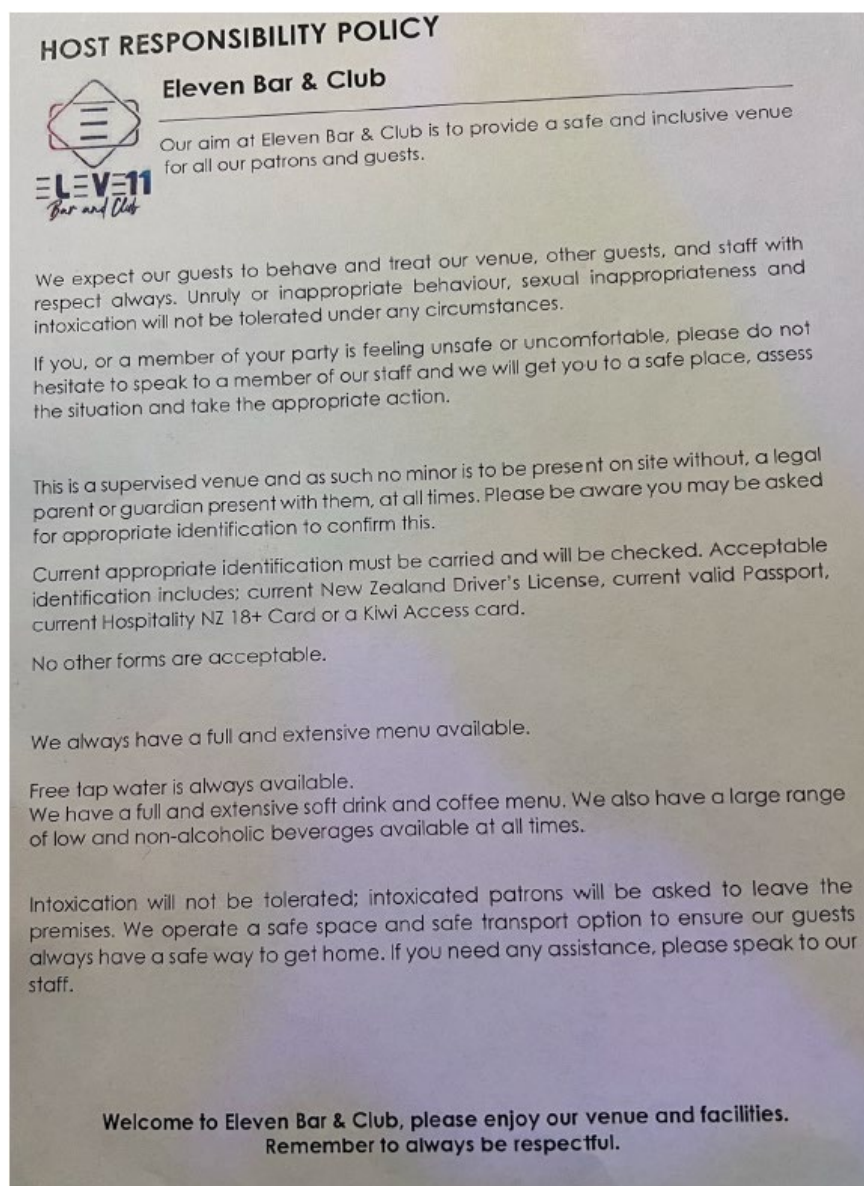

Photos of Snack menu available after 10pm/when the kitchen closes (with \$20 House combo menu on the alternative side of menu) – photos taken 05/12/22 - TM

"Snacks" menu (available while kitchen is open) – Photo taken 05/12/22 - TM

Host Responsibility

Does the premises utilise DCC owned footpath?

Yes, a permit is in place for: 8 x Tables (26 Chairs); 2 x Bar Leaners (8 Stools); 3 x Screens; 2 x Planter Boxes; 1 x Menu Stand
NIGHT PLAN: 5 x Tables (14 Chairs); 2 x Bar Leaners (8 Stools); 5 x Screens; 2 x Planter Boxes; 1 x Menu Stand.

A renewal for this permit is currently in progress as of the date of this report.

What is the maximum occupancy number for the premises?
221**Public Notification process**

ODT 23 and 30 November 2022.

Public Objections (interest in the application/reasons for)

Yes. An objection was received on 14 December 2022 from Students for Sensible Drug Policy (SSDP) Dunedin. The objection primarily relates to suitability of the applicant.

In deciding whether to issue a licence, the licensing authority or the licensing committee concerned must have regard to the following matters:

The object of this Act:

I conducted a monitoring visit to Eleven Bar on 9 July 2022 as part of wider monitoring occurring at numerous licensed premises in the central city on the night of the All Blacks rugby game. I visited Eleven Bar at approximately 5.35pm with Carlo Bell, Chief Licensing Inspector, and spoke to Tony Morris (SPS Security guard situated at the front entrance), and duty managers Steven Dewe and Nikesh Singh.

Several issues were identified during this monitoring visit, including observing an intoxicated person being onsite within the premises, a lack of active management of the premises by staff and insufficient security presence.

See full monitoring report (Attachment A to this report) for full details.

As a result of my observations, I believe section 4 (1) (a) of the Act was being breached in that alcohol was not being sold, supplied or consumed safely and responsibly. The evidence of an intoxicated person onsite within the premises on 9 July 2022 would suggest alcohol was not being sold, served or consumed in a responsible or safe manner.

The suitability of the applicant:

Police currently have 3 applications lodged with ARLA for the suspension/cancellation of the applicant's licence. The reasons for these applications relate to the presence of intoxicated persons onsite and general suitability concerns raised by the Police. ARLA is scheduled to hear these applications 7-9 March 2023 in Dunedin, alongside applications for the suspension/cancellation of duty managers certificates for Steven Dewe, Naveen Malhotra and Nikesh Singh.

The quality of the renewal application lodged identified several deficiencies, including:

- The applicant answered 'No' to any changes having occurred to the licensee status since the last renewal. The Company director/shareholders have changed since the last licence application, with these changes not being reported/notified to the proper authorities.
- Licensing hours sought were not in keeping with the Local Alcohol Policy (LAP) or their own current licensing hours. This demonstrates a lack of awareness around the provisions of the LAP.
- Mr Khattri was listed as a manager but he has an expired certificate (ie: he is not a current Manager's Certificate holder).
- The menu included with the renewal application was not a current menu for the premises.
- The pricing on the drink's menu included in the renewal application showed handwritten amended prices that were not the prices advertised or charged for within the premises day to day. I queried why the drinks menu included with the renewal application referred to both products at different, lower prices and yet drinks menus within the bar still advertised these products at \$9 each and the till had not been changed to reflect the suggested lower prices on the application. No explanation was offered by the applicant for the discrepancy.

These trading hours are not consistent with the licensing hours that currently apply to this premises.

Upon questioning about licensing hours sought compared to current trading hours, Mr Khattri explained it was his intention to focus more on food moving forward, which (staff availability depending) would see the premises opening different hours and offering more of an all-day menu, including breakfasts/brunch.

As discussed, the applicant applied to sell alcohol until 4am. Once it was explained that this is not permissible under the LAP, Mr Khattri confirmed they are seeking to continue with existing licensing hours of 8am – 3am daily.

The design and layout of any proposed premises:

The management of the premises can be challenging due to its layout being spread over two floors. This is arguably problematic and not practicable for a sole duty manager to actively manage.

An example of this was evidenced during my monitoring visit on 9 July 2022 (All Blacks game night) when the listed duty manager (Nikesh Singh) was on the Stuart Street door acting in a security/doorman manner and not actively managing the downstairs area effectively as from the door location, there is no direct line of sight to the downstairs area.

Should upstairs and downstairs be operating at the same time, especially on busy nights such as when large sporting events are being held within the city, two duty managers (one working each floor) would be recommended/advantageous.

Whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:

None

Whether the applicant has appropriate systems, staff, and training to comply with the law:

(a) Building. Current BWOE expires 05/07/23.

(b) Sale of food. Current Registration under The Food Act 2014 – Expires 30/11/23, currently graded 'A' 'Excellent'.

(c) Fire. No issues as of 23/11/22.

(d) Security. SPS Security company used.

During the onsite interview staff training and systems were discussed. No documented training system was in place. A current register of duty managers had not been kept, though several manager certificates (including from ex-staff) were in a folder. No standalone list of current managers was available.

The On-licence toolkit, given to the applicant at their last licensing visit (approximately one year ago) had not been completed/utilised in any way. An incident logbook was available and had entries completed by staff.

Serve wise was discussed by the agencies. Mr Khattri and Mr Dewe indicated they had only recently become aware of this free online tool by way of a recent discussion with Mr Nikesh Singh. Mr Khattri requested training for his staff to be conducted by tri-agency staff. Whilst the Agencies are keen to assist with staff training, the availability of Agency staff means that this is unlikely to be possible before March 2023. This was explained to Mr Khattri during the onsite interview.

Any matters dealt with in any report from the Police or a Medical Officer of Health
Opposition from both Police and the Delegated Medical Officer of Health.

Whether (in its opinion) the amenity and good order of the locality would be likely to be increased, by more than a minor extent, by the effects of a refusal to renew the licence:

The location of the premises within the entertainment hub (The Octagon, Dunedin) indicates that the refusal to renew this licence would have little impact on the amenity and good order of the area.

The vicinity of this premises is subject to high levels of entertainment and people noise, though no specific noise complaints have been received against this premises under Eleven 2021 Limited's ownership. There are multiple licensed premises in The Octagon area.

The manner in which the applicant has sold (or, as the case may be, sold and supplied), displayed, advertised, or promoted alcohol.

No issues.

Inspector's comment

This report is prepared for the District Licensing Committee's consideration.

I believe section 4 (1) (a) of The Act (The Object of the Act) has been breached in that alcohol has not been sold, supplied, or consumed in a responsible manner.

I raise several concerns about the applicant's suitability as per section 105 (a), (b), (c), (j) and (k) of The Act.

During routine monitoring on 9 July 2022 (All Blacks game) I observed an intoxicated person onsite within the premises, which is an offence under section 252 of the Act.

I oppose the renewal of this application overall.

Tanya Morrison
Licensing Inspector

Summary

Any Issues Identified/ General Notes: Arrived at premises and went to upstairs bar first. Asked to speak to DM, Steve Dewe. Upstairs very dark - stairs and seating area throughout very hard to see - unsure how seated patrons could be assessed/ monitored due to poor lighting.

Upstairs bar compliant in terms of water, low alcohol options, menu displayed at end of bar, signage etc. I asked Steve if he was covering just upstairs to which he replied Nikesh was covering downstairs but was currently manning the Stuart Street entrance.

I went downstairs and I introduced myself to Nikesh. Steve Dewe followed and told Nikesh that Bella (other DM) had just left so he was putting Nikesh's name up as manager.

I asked Nikesh why he was on the door and how he could actively manage from this position. Nikesh replied he was covering the door as he waited for security to arrive and relieve him, which he claimed were due 5 minutes previously but hadn't arrived yet.

I mentioned to Nikesh to watch his outdoor area around the tables. No special licence was in play, but as people congregated outside, the group size could increase which would pushout patrons beyond footprint – told Nikesh to keep an eye on this.

We entered the downstairs bar. Upon entering a heavily influenced/borderline intoxicated patron approached me and began talking to me. His eyes were dazed and unfocused and his coordination was altered to a minor degree – in my opinion, this patron should not be served anymore. He was standing talking to another gentlemen with a glass of beer approximately still 2/3 full in his hand.

Nikesh had entered the downstairs bar by this stage and was busy clearing glasses away behind the bar. I finally caught his attention and told him about the tall gentleman in black behind me who I believed was heavily influenced/borderline intoxicated and told him he needed to address this.

I then left through the front door and spoke to security officer Tony Morris of SPS security on the front door. Tony advised me security was not meant to be working at the premises until 8pm that night. I queried how come he was there, and he replied he had tried to tell the owners that for an All Blacks game, security needed to be on earlier, so he said he turned up at 3.30pm to work. I clarified with him his rostered start time, which he said was 8pm – he was not meant to be there until 8pm. I asked if other security staff were coming as Nikesh had just told me (at the other door) he was waiting on security to come and relieve him.

Tony said he had 'called for backup'. As we were talking an intoxicated patron stumbled past us and attempted to enter the premises. Tony stopped him and the patron said he was going to the toilet. Tony replied, that's fine I just don't want you anywhere near the bar. The patron reappeared within about a minute, claiming the wait was too long for the toilet. The patron was stumbling, his speech was slurred and his eyes were unfocused. The language he used when speaking to Tony was light-hearted, but full of expletives and he put his arm around Tony as he tried to speak to him. I looked at my watch, 5.44pm. I left Tony to deal with the patron as we left – Tony knew the group he was with so would ensure he was looked after.

Re: ON-20-2021 - Eleven Bar and Club

Dear Sir/Madam

On 21/11/2022 Police received an application from Eleven 2021 Limited for the renewal of the Off-Licence for the premises known as Eleven Bar and Club.

This is a very busy late-night premises situated at 11 The Octagon, Dunedin City. Being a large and popular bar and club in the centre of Dunedin, the target market for this premises is any member of the public in the centre city late at night, but particularly focused on the Dunedin student population, aged 18-25 years.

Anecdotal and factual evidence regards this locality as a high risk, vulnerable community in regard to Alcohol Harm.

As such Police oppose the renewal of this licence under Section 105:

- (a) Object of the Act
- (b) Suitability of the applicant
- (h) amenity and good order
- (i) amenity and good order already badly effected
- (j) whether the applicant has the appropriate systems, staff and training to comply with the law

It also falls short of section 106(1)(a)(ii) and (iii), in regard to current, and possible future, levels of nuisance and vandalism, and the number of current premises of the same kind in the area.

Furthermore, Police oppose on the basis that application falls short of s.108 in that is contrary to the Local Alcohol Policy.

Object of the Act

(1) *The object of this Act is that-*

- (a) *The sale, supply and consumption of alcohol should be undertaken safely and responsibly; and*

Sgt Steve Jones - Dunedin Police – Alcohol Harm Prevention Officer

sjct35@police.govt.nz DDI- 4714945 Cell 021 1912755

- (b) The harm caused by the excessive or inappropriate consumption of alcohol should be minimised.*
- (2) for the purposes of subsection (1), the harm caused by the excessive or inappropriate consumption of alcohol includes-*
- (a) any crime, damage, death, disease, disorderly behavior, illness or injury, directly or indirectly caused or directly or indirectly contributed to, by the excessive or inappropriate consumption of alcohol; and*
- (b) any harm to society generally or the community, directly or indirectly caused or directly or indirectly contributed to, by any crime, damage, death, disease, disorderly behavior, illness or injury of a kind described in paragraph (a)*

The licensee and three of the premises Duty Managers are currently subject to ARLA proceedings. The hearing for these matters is set down over three days from 7th – 9th March 2023.

Police submissions in relation to these matters gives evidence of the licensee breaching a variety of legislation on multiple occasions, not proactively taking steps to minimise harm caused by excessive and inappropriate consumption, and not undertaking the sale, supply and consumption of alcohol, in a responsible manner.

Suitability of the Applicant

The suitability of the applicant is called into question throughout Police submissions to ARLA. Issues arise in relation to breaching licence conditions, disregard for Covid regulations, and disregard for Food Safety regulations.

The applicant has been subject to a formal warning under the Police Graduated Response Model since the 6th April 2022, and completed a Risk Mitigation Action Plan shortly thereafter. The applicant failed to abide by this plan on several occasions, which subsequently prompted Police to submit applications to ARLA under s280 and s285 Sale and Supply of Alcohol Act 2012.

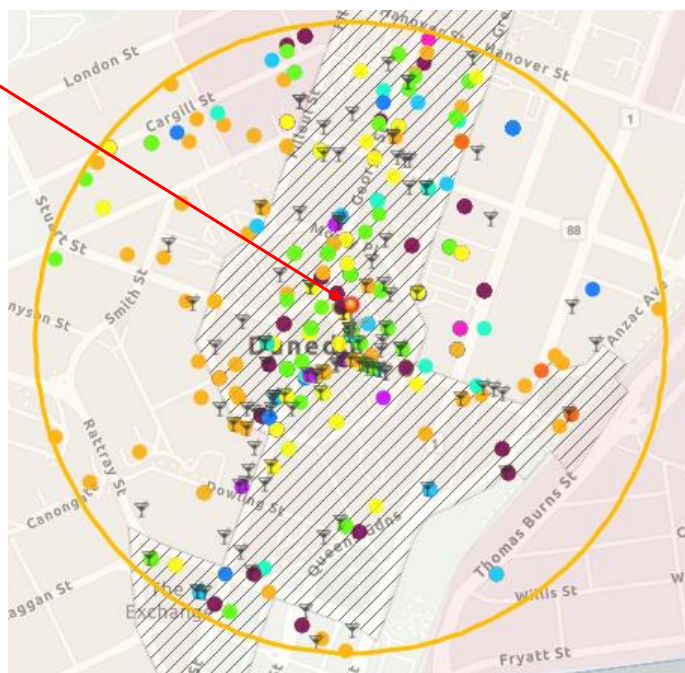

Furthermore, in a recent interview with the applicant, it was discovered he provided false information on the application, indicating to the agencies to a lack of candor from the applicant.

Amenity and good order

Police records of alcohol related incidents in the area indicate that the 500m radius surrounding the premises is one of the worst areas for calls for Police service in Dunedin City. Frequent incidents of violence and disorder, where alcohol is recorded as a contributing factor, are attended by Police within this area. Alcohol consumed at these incidents are all purchased at nearby on licence premises, of which Eleven Bar and Club is the most prevalent and commonly frequented by the surrounding vulnerable community.

Police data and the submissions show a direct correlation between alcohol harm and this premises. The NZ Police Geospatial mapping application has provided the map below showing the location of the premises well within an area of medium to high deprivation (orange) and incidents where alcohol is a contributing factor.

Eleven Bar and
Club
11 The Octagon

Appropriate Systems, Staff, and Training to Comply with the Law

The applicant as the licensee is responsible for ensuring the systems, staff, and training associated with the premises are at an appropriate level that complies with the law.

Failures in staff training around Covid regulations has led to a number of breaches of the legislation, as well as appropriate recording standards under the Food Safety Act. Staff have shown a lack of knowledge on more than one occasion around their host responsibility and obligations under the Sale and Supply of Alcohol Act 2012.

It is clear that the systems within this premises are continuously failing, thus would support the renewal being declined. A complete lack of communication between managers, incidents of assault and disorder not being reported to Police, no records of training, and no reporting of changes to duty managers or company directors/shareholders are but a few examples of this.

The aforementioned interview with the applicant has shown inadequacies across the entire operation of the premises and the suitability of the applicant.

In relation to falling short of s108, the applicant has applied for hours that fall outside of the general nature designation of restaurant/nightclub for this premises. This is contrary to conditions stipulated in the Local Alcohol Policy.

For your consideration,

Steve Jones
Sgt SJCT35

REF: ON-20-2021
Application Received: 21 November 2022
Applicant: Eleven 2021 Limited
Application type: Renewal
Premises: 11 Bar and Club
Premises Address: 11 Octagon Dunedin

Kia ora / Dear District Licensing Committee

**RE: SALE AND SUPPLY OF ALCOHOL ACT 2012 – APPLICATION FOR RENEWAL
OF ON LICENCE – Eleven Bar & Club**

I refer to the request for renewal of the On Licence for the above applicant, received by our office on **21 November 2022** for the premises situated at **11 The Octagon, Dunedin**.

On **06 December 2022** Aaron WHIPP visited the above premises on behalf of the Medical Officer of Health and in the company of Sergeant Steve JONES, NZ Police and Ms Tanya MORRISON Licensing Inspector, and met with **Prakash KHATTTRI and Steven DEWE**. During the visit the premises was assessed for compliance with its licence conditions and strategies used to ensure a safe environment for drinking. During the visit several issues came to light that gave concern.

This letter advises that the application is opposed and the grounds for my opposition.

Section 105 (a) – the Object of the Act

Having enquired into the applicant and viewing information provided by NZ Police, The Medical Officer Of Health is of the opinion that the premises are not being operated in such a way that upholds the Object of the Act and that taken together the current mode of operation does not constitute the safe and responsible supply of alcohol as required by Section 4.

Section 105 (b) – the suitability of the applicant

In relation to the operation of these premises there are instances of the applicant failing to respond to graduated response interventions by the NZ Police. Specific examples of this

Te Whatu Ora
Health New Zealand

would be the ongoing issues around lack of active management, level of intoxication permitted on premises and the lack of knowledge around the act.

Section 105 (j) – whether the applicant has appropriate systems, staff, and training to comply with the law

There are reports that the Police have dealt with intoxication on premises that has led to being ejected from the premises – this calls into question the application of the premises' policies by management this raises the question as to whether the premises are being managed in such a way to prevent incidents occurring in the first place

I oppose the renewal of an On Licence for these premises.

Ngā mihi

Students for Sensible Drug Policy Dunedin

Objection to the Renewal of license number **ON-20-2021**,
By **Eleven 2021 Limited** (Applicant),
in respect to the premises situated at **11 The Octagon, Dunedin 9016**,
known as **Eleven Bar and Club**.

To: The Secretary
Dunedin District Licensing Committee
50 the Octagon, Dunedin 9016

Dated **Wednesday 14th Day of September 2022**

Dear Sir/Madam,

Please find our attached objection to the renewal of license number **ON-20-2021** below.

It is our intention to appear and speak on behalf of this objection at any hearing regarding this matter.

Please notify us regarding the time and date of any hearing via email at ssdpotepotin@gmail.com

Submitted on behalf of Students for Sensible Drug Policy Dunedin by:

Jai Whelan
President

Scott Dunning
Technical Lead: Alcohol
Research and Policy Coordinator

	Objection by Students for Sensible Drug Policy Dunedin
Page	Contents
3	Section 1: Legal basis of Objection
5	Section 2: SSDP Dunedin's general position on licensed premises in Dunedin
8	Section 3: SSDP Dunedin's Objection framework
10	Section 4: Matters of Outright Objection
13	Section 5: Matters of Partial Objection
15	Section 6: Matters of Objection dependent on further or discretionary conditions

1. Legal basis of Objection

1. This Objection to renewal is made under S.128 of the Sale and Supply of Alcohol Act 2012.
2. S.128(1) states that 'a person may object to a renewal of a licence if he or she has a greater interest in the application than the public generally.' On that basis:
 - i. Students for Sensible Drug Policy Dunedin (SSDP Dunedin) is affiliated with the Otago University Student Association (OUSA).
 - ii. The objective of SSDP Dunedin is 'to reduce drug related harm and advocate for drug policy change in Dunedin and Aotearoa.'
 - iii. In accordance with the Ministry of Health and the New Zealand Drug Foundation, SSDP Dunedin holds that Alcohol is the most commonly used drug in New Zealand.¹
 - iv. The core membership and primary focus of SSDP Dunedin's work is the University of Otago and Otago Polytechnic student population.
 - v. SSDP Dunedin is an organisation that facilitates representation of Dunedin's student population, and greater participation in the democratic processes involved with the regulation and licensing under the Sale and Supply of Alcohol Act 2012.
 - vi. The section 1.3 of the Dunedin Local Alcohol Policy (LAP) specifically identifies and acknowledges that the student population is 'particularly vulnerable to hazardous drinking and alcohol-related harm.'²
 - vii. The applicant is a venue significantly patronised by Dunedin's student population.
 - viii. We thereby hold that objections made by SSDP Dunedin are valid under S.128(1) of the Sale and Supply of Alcohol Act 2012.
 - ix. A comparable precedent for SSDP Dunedin's validity to object is set regarding the status of Waitemata Local Board in sections 76 to 81 of *Wilson v Durga Sai Holdings Limited* [2017] NZARLA 42 (9 February 2017).

¹ <https://www.health.govt.nz/system/files/documents/publications/alcohol-factsheets.pdf>

² <https://www.dunedin.govt.nz/council/policies,-plans-and-strategies/policies/local-alcohol-policy>

3. S.128(3) states that no objection may be made except matters stated in S.131.
4. S.131(1)(a) defines the permitted matters of objection as those of paragraphs (a) to (g), (j) and (k) of S.105(1), with these matters being:
 - (a) the object of this Act:
 - (b) the suitability of the applicant:
 - (c) any relevant local alcohol policy:
 - (d) the days on which and the hours during which the applicant proposes to sell alcohol:
 - (e) the design and layout of any proposed premises:
 - (f) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:
 - (g) whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:
 - ...
 - (j) whether the applicant has appropriate systems, staff, and training to comply with the law:
 - (k) any matters dealt with in any report from the Police, an inspector, or a Medical Officer of Health made under S.103.
5. There are no matters arising from S.105(2) given that Students for Sensible Drug Policy Dunedin are not a holder of any other license.

2. SSDP Dunedin's general position on licensed premises in Dunedin

Regarding alcohol generally

1. SSDP Dunedin supports the Dunedin Local Alcohol Policy (LAP)
2. We would bring attention to three critical points in the LAP:
 - i. *'Student accommodation is clustered in the North Dunedin area which immediately surrounds the tertiary institutions, with student parties in the area acting as a magnet for non-students. This combination makes the city's young people particularly vulnerable to hazardous drinking and alcohol-related harm.'*
Section 1.3, fourth paragraph.
 - ii. *'Analysis of police data indicates that: ... about 76% of alcohol purchased is consumed in off-licence settings for drinking in situations where there is little or no control.'*
Section 1.3, last paragraph.
 - iii. *'While it is a characteristic of on-licensed premises that they provide a controlled environment in which people drink alcohol, some premises have more potential to cause harm than others.'*
Section 5.1, third paragraph.
3. SSDP Dunedin fully agrees that responsible and well-managed on-licensed premises provide a controlled environment for the consumption of alcohol, and that these premises are essential to the safe and responsible consumption of alcohol, and the minimisation of alcohol related harm in Dunedin.
4. We further maintain that uncontrolled drinking situations primarily located in the student accommodation areas of North and Central Dunedin fundamentally increases the risk to, and vulnerability of, the student population to hazardous drinking and alcohol-related harm.
5. SSDP Dunedin holds that the recent closing of most on-licensed premises which primarily catered to the student population has caused an increase in uncontrolled drinking situations located in North and Central Dunedin, exacerbating and increasing instances of hazardous drinking and alcohol-related harm.

6. Hence, SSDP Dunedin believes that effective management of alcohol in Dunedin requires a consistent balance of the following factors:
 - i. That licensing decisions and regulatory interventions are firm and thorough enough to achieve the object of the Sale and Supply of Alcohol Act 2012, with a focus on applicant suitability, best business practices, and proven-effective harm reduction approaches; and
 - ii. That applicants with venues that are proven to be responsible and well-managed are valued and supported to ensure their businesses are sustainable, resilient, and profitable. This is to ensure the ongoing operation of on-licensed premises that provide a supervised and controlled environment for the consumption of alcohol as an alternative to higher risk situations of drinking in North and Central Dunedin where there is little or no control; and
 - iii. That investment in proven and cost-effective interventions focused harm-reduction and grass-roots change in Dunedin's student/youth drinking culture are continued and expanded to ensure a steady progression to a more sociable and harm-aware student culture and environment.

Regarding alcohol and other substances

7. SSDP Dunedin believes that licensees of on-licensed premises have traditionally sought to side-step issues of substance use and intoxication on their premises.
8. S.12.(1) of the Misuse of Drugs Act 1975 makes it illegal to knowingly permit your premises to be used to supply, consume, procure or administer a 'controlled drug'.
9. Anecdotal arguments common within the Hospitality industry tend to make claims that an on-licensed premise which engaged with or promoted materials including posters related to 'controlled drug' harm-reduction was 'knowingly' acknowledging their premises was being used for the consumption of 'controlled drugs,' and thereby was in breach of the Misuse of Drugs Act 1975.
10. This is despite all on-licensed premises have an explicit responsibility to manage intoxication caused by 'other drugs,' derived from S.5.(1) of the Sale and Supply of Alcohol Act 2012 which defines 'intoxicated' as:

*'intoxicated means observably affected by alcohol, **other drugs**, or other substances (or a combination of 2 or all of those things) to such a degree that 2 or more of the following are evident:*

- (a) *appearance is affected:*
- (b) *behaviour is impaired:*
- (c) *co-ordination is impaired:*
- (d) *speech is impaired*

11. SSDP Dunedin agrees with the New Zealand Drug Foundation that the best way for on-licensed premises to manage intoxication as defined by, and to meet the object of, the Sale and Supply of Alcohol Act 2012, is for the management of on-licensed premises to engage with these matters in a direct and thorough manner alongside key relationships and networks.³
12. Furthermore, we believe that the following factors make it critical that licensing, regulatory and enforcement agencies actively promote, and even require, local on-licensed premises to develop and implement business practices and managerial processes, and correspondingly actively train staff in effective drug/ polysubstance/ mixed substance intoxication recognition, and overdose recognition and response training:
- i. The unique characteristics and demographics of the Dunedin population, including the student population; and
 - ii. The increasing risk of the international opioid epidemic reaching New Zealand, upon which the Dunedin population would be at critical risk of opioid overdose due to exacerbating factors in both alcohol and substance consumption behaviours present in the vulnerable Dunedin student/youth populations. Opioid overdose, particularly when combined with high alcohol consumption, leads to respiratory depression, and the lack of oxygen can cause brain damage within 5 minutes, followed shortly after by death.

³ <https://www.drugfoundation.org.nz/assets/uploads/201901-Drugs-in-bars-Guide.pdf>

3. Objection Framework

1. S.128 gives no other directions as to prescribed form or manner beyond that objections must be in writing.
2. For the ease of the District Licensing Committee in filing this objection, SSDP Dunedin has categorised the matter and grounds of objection into three categories:
 - i. *Outright Objection* – for matters based on appropriate grounds where SSDP Dunedin objects to a license being issued or renewed outright; or
 - ii. *Partial Objection* – for matters based on appropriate grounds where SSDP Dunedin objects to a license being issued or renewed without the District Licensing Committee undertaking further scrutiny of specified matters, which may require the applicant submitting further documentation for the District Licensing Committee's assessment or review; or
 - iii. *Objection dependent on further or discretionary conditions* – for matters where SSDP Dunedin objects to the license being issued or renewed without the following conditions being imposed on said license by the District Licensing Committee.

Regarding Objection dependent on further or discretionary conditions

3. 'S.132 of the Sale and Supply of Alcohol Act 2012 states:

132 Imposition of conditions on renewal

 - (1) *When renewing a licence of any kind, the licensing authority or the licensing committee concerned—*
 - (a) *may impose any conditions subject to which it may issue a licence of that kind;'*
4. S.117 of the Sale and Supply of Alcohol Act 2012 states:

'117 Other discretionary conditions

 - (1) *The licensing authority or licensing committee concerned may issue any licence subject to any reasonable conditions not inconsistent with this Act.*
 - (2) *The generality of subsection (1) is not limited or affected by any other provision of this Act.'*

5. From these sections, a licensing authority or licensing committee has a wider power to *'issue any licence subject to any reasonable conditions not inconsistent with this Act,'* and may do so upon the renewal of a license.

6. Furthermore, the precedent set by *My Noodle Ltd v Queenstown Lakes District Council* [2008] NZAR 481 (HC)⁴ holds that:

'no licence holder has a legitimate expectation that a licence will automatically be renewed on identical terms, and the fact that the licensee has managed the premises properly or that there were no specific problems relating to the licensee's particular operation is not decisive.'

7. Thereby, in SSDP Dunedin making an objection dependent on further or discretionary conditions being imposed on the license, we would argue that the District Licensing Committee should assess such an objection based on whether:

- i. the matter of objection is permitted under S.131(1)(a) of the Sale and Supply of Alcohol Act 2012; and if so,
- ii. are the condition(s) to be imposed on the license as remedy to the matter of objection connected and relevant to said matter of objection; and if so,
- iii. are the conditions requested 'reasonable conditions not inconsistent with the Sale and Supply of Alcohol Act 2012.

⁴ (decided under the equivalent provisions, s 22 and of the former Sale of Liquor Act 1989).

4. Outright Objection

SSDP Dunedin objects to this license being issued or renewed by the District Licensing Committee at Dunedin on the following matters and grounds:

Incomplete high-risk application submitted with insufficient information

1. This objection is made under S.131(1)(a) which permits the following sections of S.105.(1) of the Sale and Supply of Alcohol Act 2012 as matters of objection:
 - (a) the object of this Act:
 - (b) the suitability of the applicant:
 - (c) whether the applicant has appropriate systems, staff, and training to comply with the law
2. SSDP Dunedin notes that although the Applicant did not complete the risk rating calculation on the prescribed form, it is at minimum high risk based on Class 1 Premise and Last Alcohol Sale Time (18 points).
3. Given this high-risk rating, SSDP Dunedin believes that the Applicant's incomplete application form, submitted with missing, incorrect and insufficient information is non-compliant in ability with S.100(b) requiring applications '*must be made in the prescribed form and manner*', and S.100(c) requiring applications *must contain the prescribed particulars*. Of particular concern is that:
 - i. The Applicant did not complete the risk calculator, including the enforcement findings section.
 - ii. The Applicant did not submit the prescribed map showing location of 'sensitive' locations.
 - iii. The Applicant only submitted a photograph of their Host Responsibility policy, which may indicate they do not have effective documentation as part of appropriate systems, staff and training to comply with the law.
 - iv. The application is high-risk and does not include the prescribed written and detailed alcohol management plan explaining how the Applicant will implement the points of their policy.
 - v. The application is a split-level premise including a first floor which states a maximum occupancy of 220 people but does not provide a breakdown of capacity for each area/level, and provides no information, policy or processes of how they intent to safely manage capacity for each level of the premises.

- vi. The Applicant submitted incorrect information regarding changes to licensee status.
- vii. The application shows inconsistent information regarding license hours between the cover sheet and the written application.

Further to issues related to the completeness of the prescribed form and particulars:

- viii. The application is high-risk and does not include any policy, process or training documentation to support the insufficiently detailed written answers in the Conditions Section on pages 6 and 7 of the application form.
- ix. The application is high-risk and provides no documentation including staff training manuals and records, as proof of effective training to comply with the law.
- x. The application designates the entire premises Supervised at all times, despite at certain times the premises primarily operate as a Nightclub. For best business practice the premises should be designated Restricted at the times it is primarily operating as a Nightclub. It is likely the Applicant has not taken S.118 of the Act into account, which allows license conditions to (a) apply differently to different parts of the premises, and (b) apply differently to the same part of the premises at different times, on different days, or both.

4. Given these factors, SSDP holds that:

- i. The application in its current form is contradictory to the object as per S.4 of the Sale and Supply of Alcohol Act 2012, and thereby that issuing or renewing a license based on the filed incomplete application submitted with insufficient information by a high-risk Applicant will fail to ensure safe and responsible sale, supply and consumption of alcohol, and furthermore will fail to ensure that the harm from excessive or inappropriate alcohol consumption will be minimised.
- ii. The incomplete application filed with insufficient information illustrates a lack of meaningful understanding and engagement with the Act, and correspondingly, a failure to consider and apply the relevant provisions of the Act relevant to their own business operations and premises. This indicates that the Applicant does not have the expertise, experience and/or education required to operate a high-risk on-licensed premises. We would argue that without the Applicant providing substantiated proof of expertise, experience and/or education, or otherwise engaging a consultant to ensure the good operation of their premises, it is unlikely that the Applicant should be considered suitable to hold a License under the Act.

- iii. The incomplete application filed with insufficient information indicates that it is highly unlikely the Applicant has appropriate systems, staff, and training to comply with the law.
 - iv. The incomplete application filed with insufficient information presents an issue of natural justice to any person who would file an objection, as it does not include all of the information required for a person to engage with the objection process in a fair and informed manner.
5. SSDP Dunedin objects outright to this license being issued or renewed, until such a time that the Applicant reapplies for the license with a fully completed application, including all of the information prescribed by the Sale and Supply of Alcohol Act 2012, and further includes sufficient information and documentation to a standard suitable of a high-risk premise as evidence of appropriate systems, staff, and training to comply with the law

5. Partial Objection

SSDP Dunedin objects to this license being issued or renewed without the District Licensing Committee undertaking further scrutiny of the matters specified below, with the applicant submitting further documentation for assessment or review, should the District Licensing Committee so request it:

1. That the Applicant as a high-risk premise provide the prescribed Host Responsibility Policy and Alcohol Management Policy documents, and that these documents are held to a standard suitable of a high-risk premise.

(on the grounds of S.131(1)(a) permitting S.105.(1)(j) as a matter of objection.)

2. That the Applicant provides an explanation as to why the Application for Renewal indicated that there had been no change to licensee status when:
 - i. Ravinder MOHAN ceased being a director on the 2nd of May 2022
 - ii. Naveen MALHOTRA was appointed as a director on the 2nd of May 2022
 - iii. Nikesh SINGH was appointed as a director on the 2nd of May 2022
 - iv. There were changes to shareholders on the 6th of May 2022

(on the grounds of S.131(1)(a) permitting S.105.(1)(a) and (b) as a matter of objection.)

3. That the Applicant as a high-risk premise provides a written breakdown of capacity for each sub-area/level, and further provides written policies containing management and training processes detailing how they intend to safely manage capacity for each sub-area/level of the premises, while enforcing the effective maximum capacity for each sub-area/level as well as the overall claimed capacity of 220 people.

(on the grounds of S.131(1)(a) permitting S.105.(1)(a), (c – LAP, Maximum Occupancy), (e – design and layout of the premises) and (j) as a matter of objection.)

4. That the Applicant as a high-risk premise reviews their application that designates the entire premises Supervised at all times in consideration of S.118 of the Act, and provides appropriate written plans and documentation for the premises to operate as a Nightclub under a restricted designation.

(on the grounds of S.131(1)(a) permitting S.105.(1)(a), (e – design and layout of the premises) and (j) as a matter of objection.)

5. That the Applicant as a high-risk premise provides written policies containing management and training processes detailing how they intend to ensure that all matters of security are compliant with the Private Security Personnel and Private Investigators Act 2010. This includes how the applicant intends to ensure that all security staff, whether contracted directly or through another business, are suitably qualified and possess current certificates of approval (COA) issued by the Private Security Personnel Licensing Authority, and furthermore, how the Applicant intends to ensure that all security staff are trained and remain up-to-date on all matters and training specific to the conditions of their on-license premise.

(on the grounds of S.131(1)(a) permitting S.105.(1)(a) and (j) as a matter of objection.)

6. That the Applicant provides documentation including staff training manuals and records, including those for security staff, as proof of effective training to comply with the law.

(on the grounds of S.131(1)(a) permitting S.105.(1) (j) as a matter of objection.)

6. Objection dependent on further or discretionary conditions

On the basis of S.132 and S.117 of the Sale and Supply of Alcohol Act 2012, SSDP Dunedin objects to the license being issued or renewed without the following conditions being imposed on said license by the District Licensing Committee:

1. The Licensee undertakes appropriate drug overdose and polysubstance/mixed substances overdose recognition and response training with all staff, including security staff.

(on the grounds of S.131(1)(a) permitting S.105.(1) (a) and (j) as a matter of objection.)

SSDP Dunedin is able to recommend local training providers to the Applicant in order to assist them meet this condition.

2. The Licensee creates, holds and maintains up-to-date and thorough alcohol and substance harm reduction training procedures and manuals for the purpose of training.

(on the grounds of S.131(1)(a) permitting S.105.(1) (a) and (j) as a matter of objection.)

3. The Licensee keeps detailed training records for all staff, including security staff, that records the date of training, the details of that training, the resources used in that training, and the details of who provided that training.

(on the grounds of S.131(1)(a) permitting S.105.(1) (a) and (j) as a matter of objection.)

4. The Licensee develops and maintains a thorough policy detailing a specified 'place of safety' on the licensed premise, and a corresponding procedure including conditions for handover to emergency services, for how staff, including security staff, should engage with any person who is intoxicated and at likely risk of overdose, where there is a reasonable risk of harm should that removed from the license premise.

(on the grounds of S.131(1)(a) permitting S.105.(1) (a) and (j) as a matter of objection.)

This condition is permissible under S. 252(3) of the Sale and Supply of Alcohol Act 2012 which states:

'It is a defence to a charge under subsection (1) if the defendant satisfies the court that, as soon as the defendant or any employee of the licensee became aware of the situation, reasonable steps were taken in respect of the intoxicated person concerned, either—

(a) to take the person to a place of safety on the licensed premises; or

(b) to remove the person from the licensed premises.'

5. That the Licensee holds for distribution and displays substance, polysubstance and mixed substance harm reduction posters and materials.

(on the grounds of S.131(1)(a) permitting S.105.(1) (j) as a matter of objection.)

SSDP Dunedin is able to provide brochures and posters, or can recommend other Harm Reduction Services who can provide these materials, to the Applicant in order to assist them meet this condition.

6. The Licensee holds Naloxone in the form of Nyxoid® as part of its first aid supplies, and ensures that all staff, including security, are trained in its use.

(on the grounds of S.131(1)(a) permitting S.105.(1) (a) and (j) as a matter of objection, and furthermore, on the basis of S.2.12.ii of this letter of objection.)

Naloxone is an opioid antagonist that is used to counter opioid overdose that comes in multiple forms. Nyxoid® is an easy to administer nasal spray form of naloxone that is a general sale medicine in Aotearoa. The effects of Opioid overdose are exacerbated by alcohol, increasing the risk of respiratory depression – the lack of oxygen can cause brain damage within 5 minutes, followed shortly after by death.

In an emergency where opioid overdose is suspected, Nyxoid® can be used (in conjunction with CPR) while waiting for professional medical support. Nyxoid® can be safely administered to anyone, whether they have ingested an opioid or not. If naloxone is on site when an overdose occurs, it could mean the difference between life and death.

When considering:

- i. **The recent opioid drug overdose events in the Wairarapa during 2022;**
- ii. **The 333 deaths in New Zealand from opioid overdose over the last 5 years, at a rate that is increasing year-on-year;⁵**
- iii. **The factors unique to Dunedin that increase the potential vulnerability and harm for its youth/student population;**
- iv. **The high demand and limited emergency resources available in Dunedin, particularly during the weekends, that can result in delayed response time by first responders;**

SSDP Dunedin firmly believes that immediate access to Nyxoid® will save lives, and is an essential inclusion to any on-licensed premises first aid supplies.

A two pack of Nyxoid® costs \$92, and is available from pharmacies without a prescription. For the Medsafe data sheet, see the link below
<https://www.medsafe.govt.nz/consumers/CMI/n/nyxoid.pdf>

Date: Wednesday, 14 December 2022 02:12:03 p.m.

Thanks Karen.

Very much appreciated.

Colin, Kev - there's an interim objection from police and now a public objection. I think it would be good to get on the front foot and start considering who will be on the panel and timelining (pencilling) when the hearing will be. We can respond and confirm receipt and that the objection will be put to the committee in due course for consideration about standing. I'm happy to have a chat on Friday about whether the public objector has standing or not.

Nga mihi,
Rj

Subject: Objection to ON-20-2021/Eleven 2021 Limited - Students for Sensible Drug Policy (SSDP) Dunedin

Good afternoon DCC Liquor Licensing team,

For your convenience attached is a digital copy of the Objection to ON-20-2021/
Eleven 2021 Limited.

A signed physical copy was submitted to the DCC Customer Service desk at
approximately 1.00 PM today.

The Objection period closes at 5:00 PM Wednesday 14th day of December, 2022.

Please contact us on this email address with any correspondence regarding this
matter.

Kind regards

Scott Dunning

Technical Lead: Alcohol

Research and Policy Coordinator
