Application for Funding from the Strath Taieri Community Board

Date: 29 Feb 2024

Name of group/individual applying for funds: Strath Taieri PTA

Contact person: Jacinta Stevenson

Email address: [REDACTED]

Address: [REDACTED]

Position held: Secretary Phone number: [REDACTED]

Short description of project: This application does not apply to a single project. We are looking for support towards the running and maintenance costs associated with the Strath Taieri School Van. The van plays an important role within the community by providing transport to cultural, sporting and social events that would not be possible for many due to our isolation. The PTA would like to assist the Board with the van funding due to the benefits it provides for many
Total cost of project: \$ ongoing but an estimated \$3500/yr

Amount already raised: \$ The Board funds the van out of its own funds via multiple fundraising events. Catering and event management.
Amount sought from Strath Taieri Community Board: \$1500 \$

How will the rest of the project cost be covered? The school looks for small contributions from users but this usually covers fuel only

- Please provide an itemised budget on a separate sheet.
- Please also attach any quotations for work, goods or services that you may have received and any additional information which may be useful in explaining the project.

What is the timeframe for completing the project? [OR What is the date of your event/project?] Ongoing but the PTA would offer a cash contribution to the board if successful to assist with the 2024 running of the van. The funding must be used within one year of the grant application or it must be returned to the Board unless you have provided a report and request for an extension of time

Is your project a one-off, annual or biennial event?

There is annual costs associated with the van. Some Councils have grants for Schools that need transport to events but there is no such grant within the Dunedin City Council.

How will the project benefit your organisation/club? What are the benefits to the wider community of your project?

The van provides the opportunity to our rural children to compete in sporting activities in the city and attend practices. Some of these pupils would not be able to participate without the van. It is used to take the wider community to social and cultural events and is available to transport some pupils home from school that are excluded from ministry services. There is no ministry funding for the van but it has proved to be a real asset to the community.

1 INTRODUCTION

This Community Plan summarises the needs and priorities of the communities within the Strath Taieri Community Board area for the Dunedin City Council's (DCC) 10 year plan 2024-34. Its primary objective is to signal to the DCC those priorities for our community, with the ultimate goal that they are programmed into the DCC's 10 year plan and funded by the DCC. These priorities are shown in section 3 of this plan.

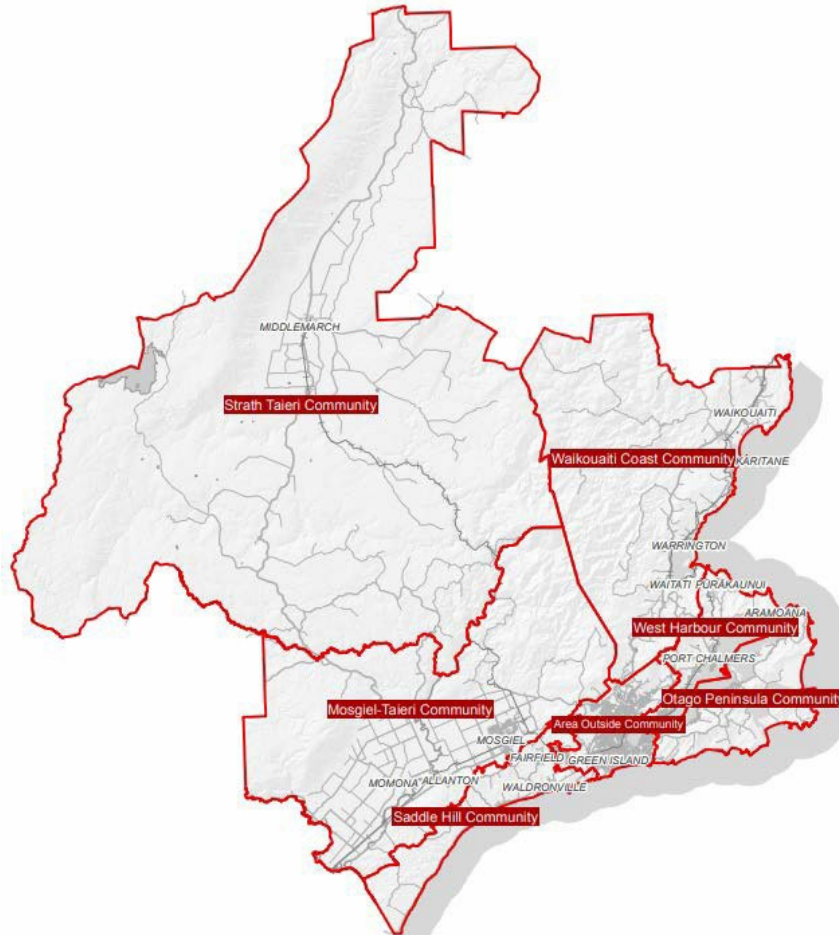

This Plan also includes activities that we, the Community Board plan to undertake. Our most important role is to be an advocate for our community, but we also proactively support our community in other ways, and these are set out in section 4 of this plan.

This Plan is subject to change and revision as needs arise and priorities alter.

2 KEY INFORMATION

2.1 BACKGROUND

The City of Dunedin has six Community Boards within its boundary, as shown in the map below.

Each Community Board has six elected members, and one councillor representative. The Community Board members are elected every three years as part of the local body elections. Community Boards must comply with the same rules and regulations as council, such as the Local Government Act.

The primary role of a Community Board is one of advocacy for its community. Each Community Board makes representations to the DCC on the priorities those boards have identified for their community area, that they would like to see included and funded in the council's annual plans and 10 year plans.

Any matters of an operational nature, e.g., the reporting of potholes, tree issues etc., are reported to council via the DCC's 477 4000 phone number, and do not form part of the Community Board's priorities.

Each Community Board holds public meetings every two months, and these meetings are advertised on the DCC website and in the Otago Daily Times. The meeting schedule for the 2023\0 calendar year is provided in Section 6 of this plan. The agendas and minutes from those meetings are also available on the DCC website at <https://www.dunedin.govt.nz/council/council-meetings/agendas-and-minutes>

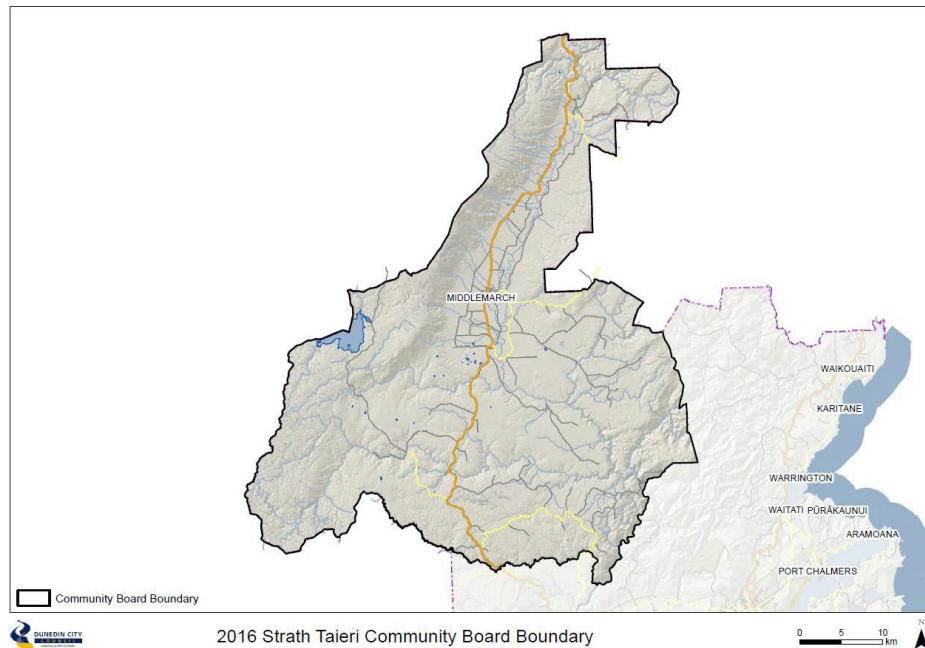

At the start of each meeting, there is a public forum session, which gives anyone from the community the opportunity to present to the board members their views on any topic. Anyone wishing to speak at public forum must make a request to speak at least two working days before the day of the meeting. They can do this via the Chair of the Community Board or contact a Governance Support Officer at the DCC at governance.support@dcc.govt.nz.

2.3 MAP OF STRATH TAIERI COMMUNITY BOARD AREA

2.4 OUR COMMUNITY

The “rural hub” of Dunedin City Councils six Community Board areas, Strath Taieri, is located an hour’s drive inland from Dunedin on scenic State Highway 87.

Straddling the wide climatic clines of the dry inland basins of Central Otago to the wetter coastal eastern foothills, the district covers some 211,500 hectares stretching 65km from north to south and 55km from east to west. Being in an expansive remote rural setting, it features a widely dispersed low per capita population density of just 0.32 people/square kilometre. This aspect alone creates social and infrastructure challenges unlike any of our other Community Board areas.

Several distinct areas exist within the region from the broad fertile developed flats and terraces adjacent to Middlemarch, the physically dominant slopes of the [Rock and Pillar range](#), to the tussock clad northern portion of the Lammerlaw and Lammermoor ranges. These all provide an interesting and vibrant contrast with the broad rolling farmed ridges of Hindon and Clarks Junction and the stunning mid reaches of the Taieri River.

In pre-European times the area was important to local Maori as both a mahinga kai resource with moa and kanakana (lamprey) being sought as well as serving as a useful access corridor to the hinterland.

In later years gold mining (Hyde/Pukerangi) became important. Clarks Junction served those early gold miners as an important junction on their access route to other inland goldfields via the historic Old Dunstan Trail.

The spectacular landscapes offer visitors wilderness, tussock country, splendid vistas, striking rock tors as well as enjoyment of a busy farming district.

Those agricultural opportunities that attracted our first settlers remain today as the backbone to our economy with fresh opportunities developing in tourism stimulated by the Otago Central Rail Trail and the recently created Central Otago Touring Route on SH87.

The stunning scenery, rural tranquility, many recreational opportunities, the laid back lifestyle and the friendly local residents are key components to the local lifestyle.

5 PLANS

The Community Board has a number of plans supporting its activities. Our key planning documents are discussed below:

5.1 EMERGENCY PLAN – COMMUNITY BOARD RESPONSE PLAN

Introduction

The Dunedin City Council has a statutory role, as does the Otago Regional Council, under the Civil Defence Emergency Management Act to contribute to Civil Defence Emergency Management (CDEM) within the district. As part of this whole-of-city function, the [Name] Community Board has responsibility for the interface between the community and Otago Civil Defence Emergency Management.

Our communities have a reasonable level of risk of flooding, fire, tsunami resulting in community isolation so pre-planning and management of a specific event will be managed by the Saddle Hill Community Board on behalf of Civil Defence. This role is supported by authorisations and delegations in the Dunedin City Council Civil Defence Emergency Management Plan.

Status

The Community Board on conjunction with Emergency Management Otago, have developed a Community Guide to Emergencies for Hyde, Middlemarch and Sutton.
