RECOMMENDATIONS

That the Committee:

- a) **Notes** the Financial Performance for the period ended 30 June 2024 and the Financial Position as at that date.
- b) **Notes** the year 30 June result is subject to final adjustments and external audit, conducted by Audit New Zealand.

BACKGROUND

- 3 This report provides the financial statements for the period ended 30 June 2024. It includes reports on financial performance, financial position, cashflows and capital expenditure. Summary information is provided in the body of this report with detailed results attached. The operating result is also shown by group, including analysis by revenue and expenditure type.

DISCUSSION

- 4 This report includes a high-level summary of the financial information to 30 June 2024. Please refer to Attachment I for the detailed financial update.

Statement of Financial Performance

- 5 Revenue was \$383.219 million for the year or \$9.761 million greater than budget.
- 6 External revenue was favourable \$3.710 million mainly due to Waste and Environmental Services revenue being greater than budget due to an increase in waste volume entering the Green Island Landfill. Waste levy revenue from the Ministry for the Environment was also greater than budgeted. These favourable variances were offset by lower-than-expected revenue from the Parking, Cemeteries/Crematorium and Building Services activities.
- 7 Grants revenue was favourable \$5.340 million due to \$6.680 million of additional roading funding reflecting a higher level of maintenance and capital delivery. This was offset by unfavourable variances due to the timing of revenue grants relating to the FIFA Women's World Cup.
- 8 The contributions revenue budget includes \$3.053 million for the vesting of assets (non-cash). Vesting will be completed as part of the year end final adjustments.
- 9 Expenditure was \$417.451 million for the year to date, or \$12.015 million greater than budget.
- 10 Operational expenditure was greater than expected due to additional Transport and Three Waters maintenance expenditure and costs to meet consent conditions for landfills.
- 11 These unfavourable variances were partially offset by savings in interest and depreciation costs.
- 12 Despite the overall favourable variance, the volatility of world markets continues to impact the performance of the Waipori Fund. Following the negative results in the previous month, both international equities and fixed interest investments saw increases in value during June. New Zealand equities decreased in value for the month.

Statement of Financial Position

- 13 Capital expenditure was \$206.018 million or 96.9% of the full year budget, which is down from 100% of YTD budget in May 2024. Expenditure on the Retail Quarter upgrade was ahead of budget reflecting the project being ahead of the original programme for both the central carriageway and enabling works. The result also reflects the purchase of the Forbury Park property. This expenditure is offset by an underspend in Parks and Recreation.
- 14 The term loans balance now includes accrued interest of \$4.554 (representing the loan interest owing but not yet paid at 30 June). Previously this was classified separate to the loan balance,

however the accounting standards now require this to be included. The actual loan balance at 30 June was \$590.473 million, \$1.500 million higher than budget.

- 15 Attachment B includes a chart showing actual group and DCC debt for the years ending June 2003-2024. It provides forecast information for the years ending June 2024-2026 based on the current Statements of Intent (SOI).

Final Adjustments and External Audit

- 16 Final adjustments in addition to this report include:

- Completion of vested assets
- Revaluations of assets (Roading, Waters, Property and Parks)
- Landfill aftercare provisions
- Depreciation

- 17 Audit New Zealand is scheduled to start their audit in early September 2024, with an expected signoff date of 31 October 2024.

OPTIONS

- 18 As this is an administrative report only, there are no options provided.

NEXT STEPS

- 19 Financial Result Reports continue be presented to future meetings of either the Finance and Council Controlled Organisation Committee or Council.

DETAILED FINANCIAL UPDATE

For the period ended 30 June 2024

This report provides a detailed commentary on the Council’s financial result for the year ended 30 June 2024 and the financial position at that date.

STATEMENT OF FINANCIAL PERFORMANCE

The statement of financial performance is provided in Attachment C.

NET SURPLUS/(DEFICIT) (INCLUDING WAIPORI)

The net deficit (including Waipori) for the year ended 30 June 2024 was \$28.786 million or \$175k more than budget.

REVENUE

The total revenue for the period was \$383.219 million or \$9.761 million greater than budget.

The major variances were as follows:

External Revenue

Actual \$91.351million, Budget \$87.641 million, Favourable variance \$3.710 million

Waste and Environmental revenue was favourable \$3.864 million largely due to an increase in the volume of waste entering the Green Island Landfill. Waste Strategy revenue was favourable \$854k due to the level of waste levy revenue from the Ministry for the Environment.

Transport revenue was favourable \$1.350 million with corridor accessway and recoverable maintenance revenue ahead of budget.

Three Waters revenue was favourable \$796k, with water sales and Trade Waste charges being well ahead of budget.

These favourable variances were partially offset by:

On-street and off-street parking revenue was unfavourable \$1.104 million due to lower-than-expected occupancy due to the Central City upgrade and other works around the city.

Compliance Solutions revenue was unfavourable \$206k, with both Parking Enforcement and Animal Control revenue less than budget. Building Services revenue was \$587k unfavourable due to a reduction in work volume.

Cemetery and Crematorium revenue was unfavourable \$444k.

Note that external revenue includes \$148k of recoverable revenue relating to the Masters Games event, this has been provided for as a doubtful debt as at 30 June 2024 and was subsequently written off on 1 August 2024 following Council approval.

Visitor Centre commission/merchandise sales revenue was unfavourable \$108k, with merchandise sales and commissions revenue below budget.

Grants Revenue

Actual \$42.847 million, Budget 37.507 million, Favourable variance \$5.340 million

Transport revenue was favourable \$6.680 million reflecting the higher level of subsidised maintenance and capital expenditure.

Waste and Environmental Services revenue was favourable \$360k due to the grant from the Ministry for the Environment for the new kerbside bins being greater than expected.

DPAG, Toitu, Lan Yuan revenue was favourable \$264k due to an unbudgeted capital grant of \$200k for Toitu relating to the capital upgrade of the Transport Gallery, as well as operating grants from the Lotteries Board and Te Papa.

These favourable variances were partially offset by:

Three Waters revenue was unfavourable \$4.240 million due mainly to budgeted Better Off Funding revenue now sitting in the Investment Account and internal revenue, and Transition funding ceasing in December 2023 instead of June 2024 as budgeted.

Events funding was \$516k unfavourable relating to FIFA Women's World Cup revenue which was received in June 2023.

EXPENDITURE

The total expenditure for the period was \$417.451 million or \$12.015 million greater than budget.

The major variances were as follows:

Personnel Costs

Actual \$83.042 million, Budget \$81.212 million, Unfavourable variance \$1.830 million

The unfavourable staff variance was partially mitigated by vacancy management.

Operations and Maintenance Costs

Actual \$82.794 million, Budget \$76.925 million, Unfavourable variance \$5.869 million

Transport expenditure was unfavourable \$2.371 million due to greater subsidised maintenance in the following areas:

- Routine drainage maintenance \$1.128 million - this reflects a high volume of work in July and August on culverts, kerb and channels and mud tank clearance and inspections.
- Environmental maintenance \$842k - the wind events in August and September have led to additional tree removal and slip clean-up work.
- Vegetation control \$350k – due additional vegetation services including removal of hazardous trees and, contract cost fluctuations, additional vegetation removal and spraying.
- Unsealed pavement maintenance \$451k due to contract cost fluctuations.

Events costs were unfavourable \$301k mainly due to the timing of expenditure on the FIFA tournament. Over the 22/23 and 23/24 financial years the overall FIFA result showed a small favourable variance.

Three Waters maintenance expenditure was unfavourable \$2.491 million reflecting increased maintenance on reticulation and plant assets across the networks, partly due to legislative changes around water standards.

Waste and Environmental Services costs were unfavourable \$616k due mainly to higher landfill contract costs than expected (\$797k), reflecting increased volumes. Monitoring costs for Smooth Hill were unfavourable \$423k due to required baseline monitoring of the landfill being considerably more expensive than initially expected at the time the budget was prepared. The kerbside and refuse collection contract cost was \$613k higher than budgeted. ETS costs were favourable \$1.208 million, which partly offset the overall unfavourable Waste and Environmental variance.

These unfavourable variances were partially offset by:

Property costs were favourable \$621k due to both planned and reactive maintenance costs being less than budgeted across the various portfolios. The timing and necessity of planned maintenance is constantly monitored by Property staff to avoid unnecessary expenditure.

Consumable and General Costs

Actual \$27.585 million, Budget \$23.766 million, Unfavourable variance \$3.819 million

Waste and Environmental costs were unfavourable \$1.515 million mainly due to \$589k of unbudgeted costs to update the Bird Management Plan at the Green Island landfill as part of resource consent requirements as well as \$758k unbudgeted consultants costs for monitoring at Smooth Hill as part of the consent conditions for developing the new landfill. Waste levy costs were unfavourable \$258k, reflecting the greater amount of material arriving at the Green Island landfill than budgeted.

Property costs were unfavourable \$595k partly due to unbudgeted waste levy costs at the North Taieri site in Milners Road. These costs were offset by unbudgeted recoveries revenue. Valuation fees were unfavourable \$203k.

Three Waters costs were \$389k unfavourable due to reform project costs budgeted under operations and maintenance.

Events costs were unfavourable \$182k, mainly due to expenditure on the FIFA tournament. Note the budget was included in operations and maintenance codes – see the explanation above.

South Dunedin Future costs were unfavourable \$622k due to project support costs which were fully funded by Better Off Funding.

Depreciation Costs

Actual \$115.702 million, Budget \$117.128 million, Favourable variance \$1.426 million

Depreciation costs for Three Waters and Parks and Recreation are less than budget, partly offset by Property Services and Transport. The unfavourable variance in Transport reflects the 30 June 2023 revaluation.

Interest Costs

Actual \$24.466 million, Budget \$26.281 million, Favourable variance \$1.815 million

This favourable variance reflected a lower interest rate than budget (4.66% actual, 4.85% budget) and the timing of new loan advances.

WAIPORI FUND NET OPERATING RESULT

Actual \$5.446 surplus, Budget \$3.367 million surplus, Favourable variance \$2.079 million

Despite the overall favourable variance, the volatility of world markets continues to impact the performance of the Waipori Fund. Following the negative results in the previous month, both international equities and fixed interest investments saw increases in value during June. New Zealand equities decreased in value for the month.

As the Waipori Fund is not achieving the capital growth objective of the Fund, no distribution was made to DCC in the 2023/24 financial year (\$3.3 million was budgeted).

STATEMENT OF FINANCIAL POSITION

The Statement of Financial Position is provided as Attachment D.

- Short term investments of \$13.749 million relate to the Waipori Fund.

- The term loans balance at 30 June 2024 is \$595.027 million. This balance is made up as follows:

	Actual \$million	Budget \$million	Variance \$million	
Loan Balance	590.473	588.973	1.500	U
Accrued Interest on Loans	4.554	-	4.554	U
Total Term Loans	595.027	588.973	6.054	U

The categorisation of accrued interest has changed as required by accounting standards. Previously accrued interest was included as a current liability, within accrued expenditure, however is now classified as term loans.

Interest on term loans is mainly paid quarterly. The accrued interest amount represents interest expense accounted for but not yet paid.

A loan repayment of \$1.500 million, scheduled for 27 June 2024 got held up in the banking system over the end of the financial year, therefore the loan balance was \$1.500 million higher than budget at 30 June 2024.

- A graph showing DCC and Group debt profile is provided as Attachment B.

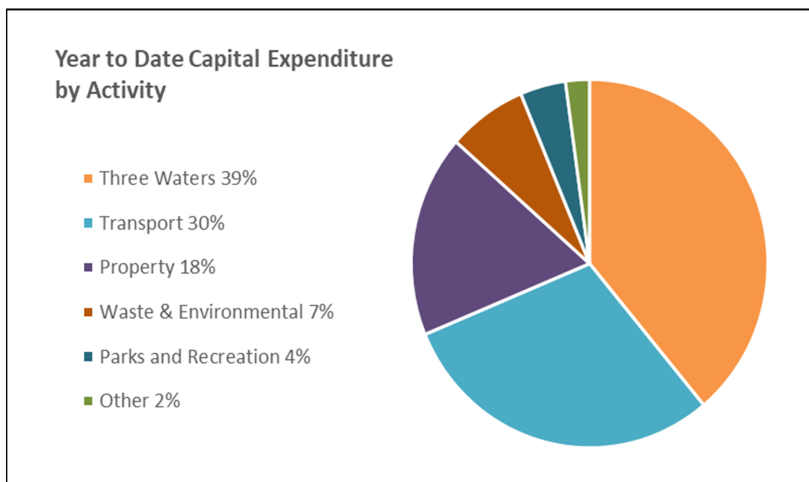

CAPITAL EXPENDITURE

A summary of the capital expenditure programme by Activity is provided as Attachment F. Attachment G provides the detailed capital expenditure programme.

Total capital expenditure for the year was \$206.018 million or 96.9% of the full year budget.

The chart below shows the proportion of year-to-date capital expenditure by Activity:

Galleries, Libraries & Museums capital expenditure was \$691k underspent.

The Toitu Otago Settlers Museum plant room upgrade project (new theatre space – theatrette) was underspent by \$515k as the project is yet to commence. The unbudgeted \$262k Transport Galley upgrade project was mainly funded by a \$200k capital grant from the Otago Motor Trust.

Other minor capital works projects and acquisitions across all three activities were generally underspent, with some projects yet to commence.

Governance and Support Services capital expenditure was \$2.174 million underspent.

BIS capital was underspent by \$2.146 million, driven by lower-than-expected expenditure on IT related projects – Customer Self Service Portal, Contract Management System, Project Management System, Payroll replacement, Mobility, Customer Services Management System and Hardware renewals.

Property capital expenditure was \$9.646 million overspent.

Renewals expenditure overall was underspent by \$5.103 million. The Fitzroy St Housing Renewal was underspent, as was the Civic Centre renewal project due to the projects being behind schedule.

The seismic remediation project at 414 Moray Place was ahead of budget with the project now completed.

The Municipal Chambers exterior upgrade and lift renewal project was underspent, but work has now commenced.

Commercial Property renewals expenditure was underspent \$2.033 million, including \$500k for the Sims Building project where work has now commenced.

New capital expenditure for the period was overspent \$14.749 million due to the progress purchase payments and associated costs on the unbudgeted property acquisition at 138 King Edward St for the South Dunedin Community Complex, as well as the purchase of the Forbury Park property. Offsetting

this, some projects, including new housing developments and the changing place public toilet, were behind schedule.

Reserves and Recreational Facilities capital expenditure was \$11.561 million underspent.

This underspend reflected a deferral of the Moana Pool upgrade project and the associated hydroslide replacement, as well as under expenditure on St Clair Pool renewals, Green Park cemetery expansion and Botanic Garden renewals. Partly offsetting this variance, expenditure on new recreational facilities was ahead of budget.

Roading and Footpaths capital expenditure was \$11.011 million overspent.

Transport's overall renewal spend was over budget \$436k, mainly due to pavement resealing, footpath resurfacing and emergency works. Part of the unfavourable variance is due to contract cost fluctuations.

In terms of new capital delivery, the budget was overspent \$10.575 million.

While the Retail Quarter Upgrade was running ahead of budget by \$15.964 million due to unbudgeted enabling works and an accelerated work program, this was partially offset by delays related to Shaping Future Dunedin projects which were underspent \$8.073 million. Cycleways project expenditure was overspent \$1.076 million.

Three Waters capital expenditure was \$14.785 million underspent.

Renewal's expenditure was underspent \$10.524 million. The Sawyers Bay Three Waters renewal project was ahead of budget. Offsetting this, various treatment plant, pipeline and pumping station upgrades were below budget.

New capital expenditure was \$4.262 million underspent, mainly due to the timing of expenditure on the Bath St stormwater improvements project and Port Chalmers water pipeline. Other minor renewals projects were generally ahead of budget.

Waste and Environmental capital expenditure was \$3.081 million overspent.

This over expenditure reflected progress in several Waste Futures projects. Construction of the Organics Facility building was well underway with practical completion achieved in mid-June, and mainly landscaping work to be completed. The project was overspent by \$3.788 million due mainly to construction cost escalations.

Consent for the first phase of the Resource Recovery Park (Material Recovery Facility) was achieved and a contractor for the build has been accepted. The rest of the Resource Recovery Park Precinct was still in the design and consenting phase with the consent application submitted in mid-March. Currently waiting for the results of the initial technical review by the Otago Regional Council. Initial indications suggest a limited notified consent process.

The new kerbside collection project was completed, with final wash-up and delivery error corrections (e.g. wrong bins, multiple bins delivered in error etc.) underway.

COMMENTS FROM GROUP ACTIVITIES

Attachment H, Summary of Operating Variances, shows by Group Activity the overall net surplus or deficit variance for the period. It also shows the variances by revenue and expenditure type.

Events and Community Development - \$756k Unfavourable

Events grants revenue was \$516k unfavourable relating to FIFA Women's World Cup revenue which was received in June 2023.

Events and Community Development operating costs were unfavourable \$468k mainly due to the timing of expenditure on Major & Premier events, particularly relating to the FIFA tournament. Costs were expected in the previous financial year but were actually paid in July and August. Over the 22/23 and 23/24 financial years the overall FIFA result showed a small favourable variance.

Governance and Support Services - \$1.336 million Favourable

Internal revenue was \$1.311 million favourable due mainly to unbudgeted Better Off Funding revenue.

Parking Services/Operations - \$1.096 million Unfavourable

Parking Operations revenue was unfavourable \$1.143 million due to lower-than-expected activity. Parking continues to be impacted by changing habits with some lost revenue due to road closures.

Parks and Recreation - \$47k Unfavourable

Parks and Recreation external revenue was unfavourable \$435k due largely to development contributions and burial and cremation fees being less than budgeted. Aquatic Services revenue was also less than budget, particularly waterslide and learn-to-swim revenue.

Depreciation costs were favourable \$785k due to the timing of asset completion.

Regulatory and Planning - \$770k Unfavourable

External revenue was \$738k unfavourable. Compliance Solutions revenue was unfavourable \$206k, with both Parking Enforcement and Animal Control revenue less than budget. Building Services revenue was \$587k unfavourable due to a reduction in work volume.

Operating costs were unfavourable \$296k, with legal fees and insurance costs in the Resource Consents and City Development activities being the main contributors to this variance.

Roading and Footpaths - \$2.845 million Favourable

External revenue was \$6.240 million favourable primarily reflecting the increased level of subsidised maintenance and capital expenditure for the year to date.

Operating costs were unfavourable \$2.636 million. A higher than anticipated volume of work for subsidised drainage, environmental maintenance, unsealed pavement maintenance and vegetation control work contributed to the unfavourable variance. Specifically, wind events in August and September have led to additional hazardous tree removal.

Transport depreciation was unfavourable \$1.934 million, reflecting the 30 June 2023 revaluation.

Three Waters - \$2.837 million Unfavourable

Three Waters operating revenue was unfavourable \$4.420 million, due to \$4.240 million of lower-than-expected grant revenue from budgeted Better Off Funding now sitting in the Investment Account, and budgeted Transition funding ceasing in December 2023 instead of June 2024. Development contributions revenue was also unfavourable \$976k.

Offsetting these variances, other external revenue was favourable \$796k. Internal revenue was favourable \$1.045 million. Revenue from Better Off Funding is now managed corporately and reallocated to activities as internal revenue.

Operating costs were unfavourable \$2.928 million due to additional maintenance on reticulation and plant assets across the networks, partly due to legislative changes around water standards.

Depreciation was favourable \$2.353 million due to the valuation at 30 June 2023 being unchanged.

Waste and Environmental - \$1.677 million Favourable

Waste and Environmental external revenue was favourable \$4.230 million due to a higher-than-expected volume of waste received at the Green Island landfill along with greater than expected waste levy revenue from the Ministry for the Environment. The capital grant from the Ministry for the Environment to partially fund the new kerbside bins was \$360k greater than expected.

Operating expenditure was unfavourable \$2.928 million.

Consultants costs relating to updating the Bird Management Plan and baseline monitoring as part of the Smooth Hill consent conditions were unfavourable \$1.348 million. The work includes data gathering of birds and nesting sites and consultation.

Kerbside collection contract costs were unfavourable \$613k. This was due to the contract cost fluctuation negotiations for 23-24 not being completed until September 2023 (after budgets were adopted), and insufficient budget allowance for weekly collections (rather than fortnightly) of all waste and recycling in the tertiary area.

Landfill monitoring costs for the various landfills were unfavourable \$506k.

Waste levy costs were unfavourable \$258k, reflecting the greater volumes of material entering the Green Island landfill.

Partly offsetting these unfavourable variances, ETS costs were favourable \$1.208 million.

SUBJECT: **WAIPORI FUND - Jun 2024 Quarter**

Quarterly Returns vs Benchmark

June 2024 Quarter

The Fund made a return of -0.2% over the quarter, relative to the Benchmark return of -0.6%.
The equity portfolio returned -1.2% for the quarter, versus the overall benchmark return of -1.6%. Overall the equity component of the portfolio returned 5.8% (gross) for the year versus the benchmark return of 8.5%. This under-performance was mainly due to the weaker relative performance of the Australian and International equities held within the Fund, compared to some of the stocks which make up a significant proportion of these Benchmarks, which the Fund does not hold.

Market Outlook

As expected, the RBNZ kept the OCR unchanged at 5.50% at the last Monetary Policy Review (July 2024). But there was a noticeable softening in tone. The economy is clearly responding to restrictive monetary policy. Economic activity looks likely to contract over Q2 and unemployment is set to rise further. This should mean inflation will return to the 1-3 percent target range over the second half of 2024. With a softening in language and tone, the market believes a rate cut will be delivered later this year. Market pricing has moved to price in cuts by the end of the year.

Global growth has been stronger than expected. The International Monetary Fund (IMF) has issued its latest forecasts and is expecting global growth to be steady at 3.2% p.a. Advice received suggests, that growth in the US and China is expected to weaken, offset by improving economic growth in Europe, UK and Australia. Inflation has declined, but it is still not under control.

The Fund is positioned as a long-term investor and is diversified across regions and sectors with 51.8% growth assets (equities) and 48.2% income generating assets (fixed interest). The Fund holds equities of stable dividend paying companies that have traditionally continued paying dividends in times of market uncertainty.

With strong New Zealand CPI data in prior quarters, the value of the Fund had been adversely impacted relative to the Inflation Adjusted Capital Base. With inflation expected to come within the expected range this should result in closer alignment of the Fund value with the Inflation Adjusted Capital Base.
