1 PUBLIC FORUM

1.1 Public Forum - Road Naming

Heather and Jeff McKenzie sought support for the naming of a new private access road at their Green Island Bush Road subdivision and their preference for the road to be named McKenzie Drive.

Mr and Mrs McKenzie responded to questions and explained their family history with the area.

1.2 Public Forum - Brighton Pump Track

Shane Turner and Ben McKenzie spoke to their PowerPoint presentation on the proposed Brighton Pump Track.

In response to a question on cost, Messrs Turner and McKenzie advised that they were budgeting approximately \$200,000 for the build. It would be an asphalt pump track which would cater for all ages and weather conditions. The pump track would have a

33 year life span and most likely be fenced to prevent unwanted vehicles e.g motorbikes access.

1.3 Public Forum - Greater Green Island

Ben McKenzie, Community Worker, Greater Green Island provided an update on the activities of the Greater Green Island Community Network.

Mr McKenzie spoke of the importance of community consultation and apologised with the lateness of the survey being undertaken due to covid times. He commented on the need for community preparedness for civil defence emergencies and acknowledged the work of the Saddle Hill Community Board during such events.

Mr McKenzie advised that the youth project had secured funding for an additional three years. He discussed the proposed Brighton Pump Track and ideas for the way forward with community consultation and to gather funding.

Mr McKenzie responded to questions and commented on building relationships with the local schools and spoke of delivery of a transition programme they delivered to year 8 students at Abbotsford, Green Island and Concord Schools noting that the programme would be introduced to Big Rock and Fairfield schools in 2025.

Mr McKenzie offered support for the proposed Civil Defence event the Board was due to hold in February 2025 and requested information to include in the Greater Green Island newsletter – the Informer for December.

Cr Kevin Gilbert withdrew from this item.

A report from Transport sought support from the Saddle Hill Community Board on the proposed naming of a private right of way in Green Island.

The proposed new road names (for the private way) as proposed by the developer were 'McKenzie Drive' as the preferred name, and 'Bluestone Ridge' as the alternate name for the subdivision located at 150 Green Island Bush Road, Green Island.

The report noted that 'McKenzie Drive' did not comply with the Road Naming Policy however it was the developer's preferred option and could still be supported by the Board. The alternate option, '**Bluestone Ridge**' was compliant with the Road Naming Policy and was supported by staff, however it was not the developers preferred option.

Youth Ambassador Award

Once a year, the Saddle Hill Community Board invites young people living within the Community Board's boundaries to apply for a bursary to support and encourage particularly noteworthy activities.

The awards have become increasingly popular, attracting more applications each year from a range of mainly sporting and musical efforts. The diversity of applications, and the absence of previously agreed criteria, now makes any fair and impartial (ie objective) judgement of merit difficult.

Some points for the Board's consideration and discussion are suggested below:

1. Does the Board wish to focus on a single area of achievement, eg sporting talent or are other areas worthy of recognition, eg
 - a. Sports
 - b. Music
 - c. Academia
2. Is the Award to recognise actual achievement, eg participation at a national standard or does the Board want to offer encouragement to young people endeavouring to reach these standards? Either or both?
3. Does the Board wish to take account of the school equity index to recognise some young people face greater barriers to achievement?

The Board's decisions on these questions should be reflected in the Award's advertising so that potential applicants are clear how their requests will be judged and will also support the Chair giving supportive feedback to those unsuccessful candidates.

The Board has been clear that it wishes to be flexible in its approach and may choose to use up to \$3000 of its funding, distributed for example, as \$1000 each to up to three applicants, \$3000 to three people or divide between \$1000-\$3000 to up to six people.

Depending on the results of the discussion, a possible wording for the 2025 award round is offered:

The SHCB may award up to \$1000 in each of the following categories:

Sports

Arts

Academia

The Board may choose to award funds to both a "star" and an up-and-coming talent – a development award – to someone who shows promise in each of the three categories.

Playgrounds

- 8 In response to a query on the provision of sun shades at playgrounds, Parks and Recreation have advised that as they upgrade playgrounds, they are looking for opportunities to provide shade options and improve inclusivity. In the upgrade options, consideration is given to natural shade options such as planting trees and installation of shade structures. While the preference is for natural shade, staff recognise it may take a few years to provide benefits.
- 9 This provision of shade within playgrounds will offer options for users but will not cover entire playgrounds. In the Saddle Hill area, both the Delta Drive Playground in Waldronville and the Fairfield Recreation Reserve have recently been upgraded and are strategically planted to provide further shade options for users. For Ocean View and Brighton Domain playgrounds, staff will investigate shade options with any future playground upgrades.

Coastal Erosion Update

- 10 A report will be presented to a future Council meeting which identifies coastal hazards for the whole coastline including the south coast. Further work needs to be done to investigate the hazards in each area and develop a plan based on the findings of this work. The work will be dependent on decisions from Council.

1 INTRODUCTION

This Community Board Community Plan summarises the needs and priorities of the communities within the Saddle Hill Community Board area for the 2023/2024 financial year, and the Dunedin City Council's (DCC) 2021-31 10 year plan. Its primary objective is to signal to the DCC those priorities for our community, with the ultimate goal that they are programmed into the DCC's 10 year plan and funded by the DCC. These priorities are shown in section 3 of this plan.

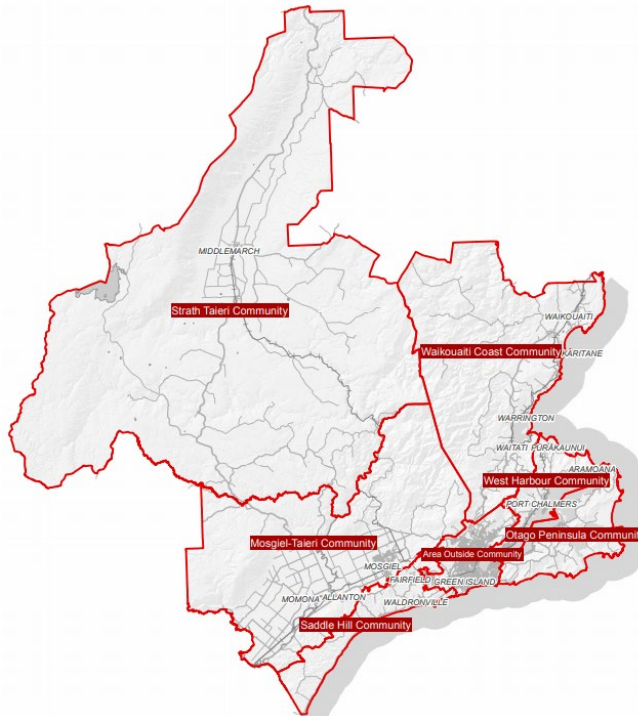

This Plan also includes activities that we, the Community Board, plan to undertake. Our most important role is to be an advocate for our community, but we also proactively support our community in other ways, and these are set out in section 4 of this plan.

This Plan is subject to change and revision as needs arise and priorities alter.

2 KEY INFORMATION

2.1 BACKGROUND

The City of Dunedin has six Community Boards within its boundary, as shown in the map below.

Each Community Board has six elected members, and one councillor representative. The Community Board members are elected every three years as part of the local body elections. Community Boards must comply with the same rules and regulations as council, such as the Local Government Act.

The primary role of a Community Board is one of advocacy for its community. Each Community Board makes representations to the DCC on the priorities those boards have identified for their community area, that they would like to see included and funded in the council's annual plans and 10 year plans.

Each Community Board holds public meetings every two months, and these meetings are advertised on the DCC website and in the Otago Daily Times. The meeting schedule for the 2023 calendar year is provided in Section 6 of this plan. The agenda's and minutes from those meetings are also available on the DCC website at <https://www.dunedin.govt.nz/council/council-meetings/agendas-and-minutes>

At the start of each meeting, there is a public forum session, which gives anyone from the community the opportunity to present to the board members their views on any topic. Anyone wishing to speak at public forum must make a request to speak at least two working days before the day of the meeting. They can do this via the Chair of the Community Board or contact a Governance Support Officer at the DCC at governance.support@dcc.govt.nz.

- *Geography*

- *The Saddle Hill Community Board area encompasses Brighton, Waldronville, Fairfield, Chain Hills (on the even numbered side of the road), Saddle Hill and the southern coast as far as Taieri Mouth northern shore.*
- *Hazards*

Natural hazards within the Board's area include:

- Flooding, especially along the coastal strip and inland along Kaikorai Estuary,
- Coastal erosion
- Landslip due to underlying geology and historic mining operations in the area
- Fire, particularly affecting Saddle and Chain Hills
- earthquake: several known and inferred fault lines run adjacent to, or within the Board's area, of which the Akatoru Fault is the most important. As all of the South Island, services in particular within the Board's area would be affected by a major event along the Alpine Fault.
- Tsunami

3 PRIORITIES FOR OUR COMMUNITY

3.1 Priorities

We are continually looking for new priorities within our community that we would like to see included in the Council's 2021-31 10 year plan. As these are identified, they will be included on the following list.

Details	Est. Cost	When in the 2021-31 10 year plan	Justification	Priority	Capex or Operational Costs
Flood Relief		SHCB Plan 2023-2024 DCC  featured	<p>For a number of years now, the Saddle Hill Community Board has been working with various staff including meeting staff and contractors on site to look at and discuss the challenges associated with the open water course at Ocean View which runs from Creamery Road to the North where it exits next to the Ocean View Freedom Camping area.</p> <p>There is a genuine urgency needed to find a solution in this area. On average at least two homes flood regularly, and a number of sections become inundated with water on average once every two years. This is a challenging area as we also see the tidal surge coming up to meet the outflow which limits this water course.</p> <p>It is pleasing to hear that this is now being reviewed at the highest level and a more sustainable solution may result. However, the entire coastal stretch of the Board's area is at risk, with some particularly flood-prone areas including:</p> <ul style="list-style-type: none"> • parts of Old Brighton Road • Lower Friendship Drive, Waldronville • many seaward properties along Brighton Road in Westwood, Waldronville, Ocean View Brighton Surf Club and adjacent • properties lining Taylor's Creek • some lower lying seaward side properties on Taieri Mouth Road 	1	Operational Costs

Safer Roads Waldronville - Ocean View Construction of a shared pathway between Waldronville and Brighton		SHCB Plan 2024-25 DCC To include in strategic pedestrian and cycleway network plan in 2024-34 10 Year Plan.	The Board would like a safety review of this stretch of road between Waldronville and Brighton with a view that a shared pathway on the shoulder be developed and regards this as a high priority for residents' traffic safety The DCC will work with SHCB to include a shared pathway between Waldronville and Ocean View in the strategic pedestrian and cycleway network plan to be considered in the 2024-2034 10 Year Plan.	2	<i>Essential Safety operational costs</i>
Southern Coast Erosion Plan The Saddle Hill Community Board would like an erosion plan to address the significant erosion of the Southern Coast including the Brighton Domain		DCC The DCC Coastal Specialist priorities are the St Clair/St Kilda Coastal Plan and a District Wide Hazard Assessment. Once completed the District Wide Hazard Assessment will inform future priorities.	The Board has concerns about the effects of coastal erosion on the transportation network, particularly on Taieri Mouth Road and the recreational assets of the Council. The Board and community have extreme concerns about the significant erosion around the outside of the Brighton Domain. The Board requests that a safety assessment be undertaken and a plan to stabilise the area actioned.	3	<i>Operational Maintenance Costs</i>
Public Toilet Brighton Domain The Saddle Hill Community would like the current toilet		DCC In the 10-year plan for completion	The Brighton Domain is heavily used for recreational; sporting and community purposes and is extremely popular for freedom camping. During the summer season, extra portaloos are put in place to cover demand however people seem to prefer using the standard toilet block. This toilet gets extensive use by Freedom Campers. An extension to the toilets would	4	<i>Operational Costs</i>

facilities extended to include an additional toilet			meet demand and reduce cost overall as portaloos would no longer be required. The Board has offered to work with DCC on a conceptual plan to enable the overall resource demands to be understood and addressed.		
Safer Crossings for Brighton, Big Rock School and vegetation by the Brighton Road crossing by Surf Club			<p>The Board views this as a Health and Safety priority to ensure the crossings are clearly visible by regular maintenance and removal of excess vegetation, complemented by the installation of appropriate signage.</p> <p>The Board also requests urgent attention be given by the Transportation and Safety team to the installation of a raised crossing at Big Rock School to facilitate the children being seen easily by drivers, especially during dusk hours.</p>	5	
				8	
Seal Extension Programme Dust suppression		<i>The seal extension programme is not in the current 10 year plan</i>	Reinstate the promotion and advocacy for the reintroduction of the rural roads sealing programme with McMaster Road as the first priority.	7	
Bus Shelter – Morris Road, Chain Hills Road Corner		ORC	Pursue the provisional bus shelter suggested by ORC to provide shelter for school students and others exposed to strong NW winds and rain to allow evaluation of a permanent shelter.	8	
Brighton Beach Accessibility	\$5,000 approx		<p>Provision of a mat at the Surf Club end of Brighton beach for wheelchair users to gain access to the beach.</p> <p>Accessibility is a human right and Dunedin City Council's own Disability strategy states:</p> <ul style="list-style-type: none"> • Goal One: Dunedin is accessible • Goal Two: Dunedin is barrier-free. 	9	

			<ul style="list-style-type: none"> Goal Three: The Dunedin City Council supports the social, recreation and cultural opportunities of disabled people. <p>The mat would help to meet these three goals and allow disabled members of our community, and visitors to our community, to enjoy a day at the beach with their family and friends.</p> <p>The Board notes there is now a wheelchair available for use at the beach, courtesy of Parafed and stored at Brighton Boat Hire</p>

4 COMMUNITY BOARD PROPOSED ACTIVITIES

The following table identifies those activities that we as a Community Board would like to deliver to our community. They will be undertaken and funded by the Community Board.

ACTIVITY DETAIL	WHEN (IDEAL)
Coastal Dunes Regeneration Programme We plan to continue to facilitate community planting days to help mitigate some of the effects of erosion along our coastline. However, mindful of recent events and the apparent acceleration of erosion and DCC/ORC's response, the Board will consult local coastal (university and other) experts on how best to target resources.	2021
Keep Dunedin Beautiful The Greater Green Island community survey results indicated that the community is keen for more street art. The Board will look for opportunities to provide one new item each year, including through Board sponsorship.	
Youth Ambassador Award The board has allocated funding that it uses to encourage young residents with particular skills to pursue additional opportunities through the provision of a small bursary. The award is competitive, with applicants expected to present their requests to a full Board meeting, and successful recipients to both report back and contribute in a meaningful way to their communities on return.	
Coastal Picnic tables to be located in laybys. One to be provided each year, starting with the layby closest to Dickson's Road, Kuri Bush	
Sunshades in Recreation areas Residents are concerned about sun exposure and have requested shades be provided, especially where young people congregate. Across its area, the Board will chose one park each year and provide a shade until every park has shade in place: <ul style="list-style-type: none"> • Brighton Domain • Braids Hill Reserve • Delta Drive • Walton Park • Fairplay Street 	
Sea Lion signage Working with DCC, the Board will support the Health and Safety provision and location of permanent, seasonal animal crossing road signs at <ul style="list-style-type: none"> • Taylor's Creek, • Ocean View, 	

• Brighton beach	

First meeting next year invite Paula Civil Defence to the meeting

5 COMMUNITY BOARD SIGNIFICANT COMMUNICATION AND ADVOCACY PROJECTS

The following table identifies those activities that we as a Community Board see as significant communication and advocacy projects that we have a vested interest in on behalf of the communities we represent and the council.

ACTIVITY DETAIL	WHEN (IDEAL)
<p>Freedom Camping This is an ongoing project for the Community Board it is imperative that our Community Board are a part of any city wide discussions around Freedom Camping. We have always been supportive of Freedom Camping but will be very clear advocates on behalf of the Community's and residents we represent. We will raise issues and challenges so Council are aware of what is actually happening in the community. We are supportive but this cannot be at the cost of any of our residents i.e. the Ocean View site is a project we have worked closely with the Council and the Community – this site is imperative that it is a reserve for all to enjoy. We have seen with good site management and monitoring throughout the main season this is a great example of how a successful Freedom Camping Site can work in a residential community.</p> <p>The Brighton Domain is another key location. The SHCB advocated and worked hard with Council and the Community to get to where we are now in regards to the best location for hosting Freedom Campers with the least impact on the Community. We have assisted in the development and best use for what was previously a non-useable area of the reserve, they are sheltered from the weather and also has minimal impact on the community.</p>	On going
<p>The proposed Smooth Hill Landfill The Saddle Hill Community Board continue to support the community liaison group over the Smooth Hill Landfill.</p>	Ongoing
<p>Rural Roads The Saddle Hill Community Board will continue to advocate for a high level of regular and planned maintenance on our communities' gravel roads.</p>	Ongoing

Civil Defence The Saddle Hill Community Board will continue with their annual community engagement on civil defence and will be hosting a Civil Defence Awareness Expo in February 2025.	Ongoing
Greater Green Island Community Network The Saddle Hill Community Board enjoy a close collaboration with the Greater Green Island Community Network and will attend each other's formal public meetings twice yearly to exchange updates.	Ongoing
Brighton Pump Track The Saddle Hill Community Board support and advocate for the community led project on the proposal for a pump track to be installed at the Brighton Domain and have offered help to the group working on the project.	Ongoing
McMasters Road The Saddle Hill Community Board notes residential gravel roads remain in the area. McMaster Road Residents are actively advocating for their road to be sealed as a key alternative route during sometimes minimal weather events that other close main thoroughfares through flooding and the Board supports their advocacy.	Ongoing

YOUTH AMBASSADOR AWARD – PUT IN THE PLAN

6 PLANS

The Community Board has a number of plans supporting its activities. Our key planning documents are discussed below:

6.1 EMERGENCY PLAN – COMMUNITY BOARD RESPONSE PLAN

Introduction

The Dunedin City Council has a statutory role, as does the Otago Regional Council, under the Civil Defence Emergency Management Act to contribute to Civil Defence Emergency Management (CDEM) within the district. As part of this whole-of-city function, the Saddle Hill Community Board has responsibility for the interface between the community and Otago Civil Defence Emergency Management.

Our communities have a reasonable risk of flooding, fire, landslips and tsunami resulting in community isolation so pre-planning and management of a specific event will be managed by the Saddle Hill Community Board on behalf of Civil Defence. This role is supported by authorisations and delegations in the Dunedin City Council Civil Defence Emergency Management Plan.

Status

The Saddle Hill Community Board has engaged with the local communities. As a result, they have formulated the Southern Coastal Area (encompassing Waldronville to Kuri Bush) Civil Defence Community Response Plan which is attached as Appendix One to the Community Plan. The Board has engaged with the Fairfield Community and will attach their plan once finalised. Chain Hills residents have met to discuss community resilience with CDEM and NZ Fire and Emergency officers.
