Customer & Regulatory - Issues and Trends to 31 December 2024

BUILDING SERVICES

Key Issues and Trends:

- In the six months ending 31 December 2024, staff provided 16 training sessions on various topics to 154 attendees from multiple organisations including Independently Qualified Persons (IQP's), architectural firms and apprentices.
- The Minister for Building and Construction has announced a [summary of 15 changes](#).
- Quarterly data reporting processing timeframes have been provided to MBIE: [Building Consent System Performance Monitoring | MBIE](#)
- The October 2024 rain event resulted in nearly 100 rapid building assessments being undertaken.
- BRANZ funded research led by the University of Auckland has recently been published. [ModelDocs: Transforming Building Consenting Behaviour for Better Housing \(2024\) | BRANZ](#) It analyses the behaviour between building consent applicants and Building Consent Authorities (BCAs) to understand the causes of delays and provide recommendations for improvement. Points of note from the research highlights:
 - ‘It is the Senders response time that creates consenting delays’.
 - ‘From the date building consent is granted the first inspection is 163 calendar days afterwards’.
 - ‘86% of RFI items are related to Sender behaviour’.
 - ‘We found little evidence of systemic delays or the mythical stop-clocking of BCA’s to delay time’.
 - ‘Sender disgruntlement with ‘consenting delay’ appears to be misplaced anecdotal behaviour’.

Customer & Regulatory - Issues and Trends to 31 December 2024

COMPLIANCE SOLUTIONS

- Key Issues and Trends:**
- Animal Services officers offered 30 dog safety education sessions for schools and kindergartens and one workplace session in the last six months.
 - After hours parking education and enforcement commenced on George Street in August to encourage safe parking behaviours.
 - The number of dog attacks continues to trend downwards.
 - Parking infringement fees were increased by the Government in October.

Customer & Regulatory - Issues and Trends to 31 December 2024

CUSTOMER SERVICES

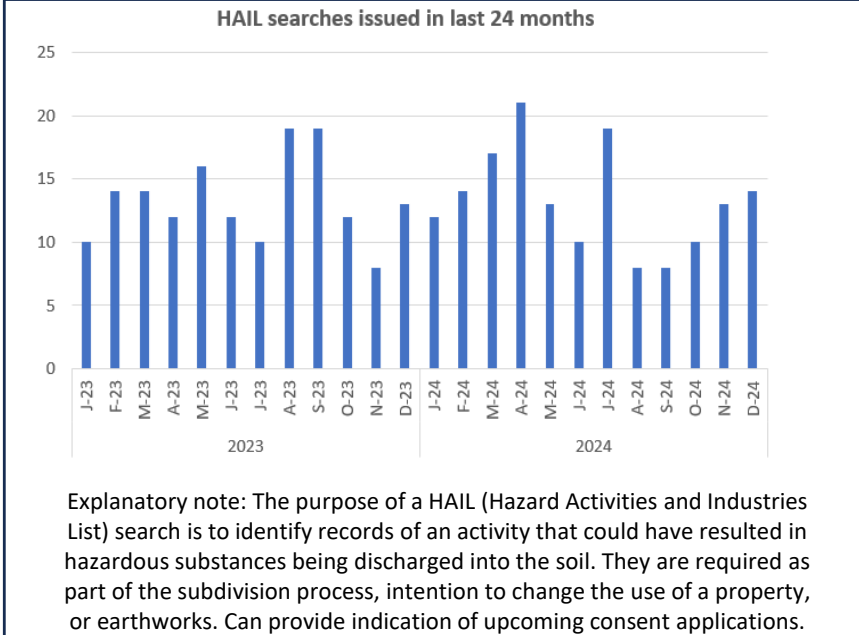

Key and Issues and Trends:

- Building, waste and rates related queries have been the most common topics over the 12 month period to 31 December 2024.
- July and October saw the highest volume of customer contacts, driven by the kerbside roll-out in July and the extreme weather event in October. Fewer working days in December contributed to the downward trend for that month.
- Parking ticket appeals have increased markedly since infringement fees were increased in October.

Customer & Regulatory - Issues and Trends to 31 December 2024

RESOURCE CONSENTS

Key Issues and Trends:

- The number of applications processed in 2024 was 14% higher than in 2023 (989 v 862) and 6% lower than the average of the preceding 10 years (980 v 1047). It is anticipated 2025 will result in applications close to the 10-year average.
- The DCC has submitted on the RMA Amendment Bill.

BACKGROUND

Local Government Act 2002

- 4 Under the Act, bylaws can be made for one or more of the following general purposes: protecting the public from nuisance; protecting, promoting, and maintaining public health and safety; and minimising the potential for offensive behaviour in public places (section 145).
- 5 The Act also allows bylaws to be made specifically to regulate trading in public places (section 146(1)(a)(vi)).
- 6 The Act requires that a new bylaw is initially reviewed within five years of being made. Thereafter the review period is ten years. Following a review, a bylaw can be amended, revoked, revoked and replaced or continue without amendment.

Dunedin Trading in Public Places Bylaw

- 7 The Bylaw was made on 27 October 2020 and came into effect on 1 January 2021. It replaced the Mobile Trading and Temporary Stall Bylaw which had been in place for more than 30 years but only regulated mobile trading and temporary stalls. As substantial changes were proposed, the Mobile Trading and Temporary Stall Bylaw was revoked, and a new bylaw was made.
- 8 From 2021, the Bylaw required permits for a wider range of public trading activities than were addressed in the previous Mobile Trading and Temporary Stall Bylaw, including rental scheme operators (e.g. e-scooter companies), street fundraising, street performing, touting, and commercial use of footpaths. The Bylaw provides for a permit regime and requires that operators comply with the conditions of their permit and other requirements, including maintaining safe pedestrian access in public places. Under the Bylaw, the Council may charge fees for applications and permits.
- 9 Although the purpose of the Bylaw is to “protect health and safety, protect the public from nuisance and regulate trading in public places” it is also important to acknowledge the benefits that public trading activities can provide to the city, including vibrancy, liveliness and attractive lifestyle options.
- 10 Conditions for each trading activity have been developed over time and are reviewed at various intervals as appropriate and with the relevant level of engagement. Conditions for each trading activity can be found on the DCC website with the Trading in Public Places Bylaw.

DISCUSSION

Community engagement

- 11 Early engagement with the community was carried out between 18 November 2024 and 6 December 2024 to inform the review (and to better understand whether the Bylaw is the most appropriate way of addressing perceived problems and issues with trading activities in public places).
- 12 Information and an online survey were advertised via the Otago Daily Times noticeboard, through the Dunedin City Council (DCC) and Ara Toi social media and via targeted emails to key stakeholders for each of the trading activities. Emails were also sent to the disability community and Community Boards.

Results of early engagement

- 13 There were eight responses. Respondents included two mobile traders, two members of the public, a former street performer and an Otago Farmers Market representative.

Generally, do you think the current Trading in Public Places Bylaw is working well to regulate trading in public places?

Proposals

- 14 Generally, the Bylaw (in conjunction with the trading activity conditions and code of practice for rental scheme operators) is working well to regulate trading activities in Dunedin public places. Proposed changes to the existing Bylaw are relatively minor in nature and are detailed here:

Section	Proposed change	Reason
Application	Remove that the bylaw applies to Dunedin City	This is unnecessary as the s 145 of the LGA is clear that the bylaw can only apply to the Dunedin City Council district.
Definitions	Add a definition for conditions	Provides greater clarity about conditions.
	Change pedestrian access references to footpath access	Reflects that not all footpath users are pedestrians.
	Remove oral permission from the permit definition	Reflects current practice that all permits are provided in writing.
	Update trading activity definition	Provides greater clarity and aligns better with the sets of conditions.
Explanatory notes	Move to the start of the Bylaw	Improves the flow of information.

Section	Proposed change	Reason
Exemptions	Add a clause to allow for written exemptions	Provides a mechanism for exemptions to the Bylaw requirements should this be needed.
Prohibited mobile trading areas	Remove this clause from the Bylaw	Removes duplication as these areas are also detailed in the mobile trading conditions. Being in the conditions provides greater responsiveness to add or remove a prohibited location as appropriate.
Conditions for trading activities	Add this clause to the Bylaw	Provides greater clarity about the nature and scope of the conditions that the Bylaw references.
Right of review	Move to clause 9	Improves the flow of information.

- 15 Other minor changes have been made to improve the flow of the Bylaw and update the language, for example information about explanatory notes has been moved to the start of the Bylaw.
- 16 Consideration was given to the benefit of including each trading activity within the Bylaw and this was part of the early engagement. Staff support the continued inclusion of all current trading activities, and these are discussed below. For each activity, the Bylaw provides a reasonable level of control, including through the conditions for each trading activity, and helps to protect public safety and protect the public from nuisance. No additional trading activities have been identified for inclusion. The statement of proposal asks whether any trading activities should be added or removed.

Mobile trading

- 17 Mobile trading and temporary stalls have been regulated by a bylaw for more than 30 years (pre-2021 the Mobile Trading and Temporary Stall Bylaw). A bylaw has been an effective tool to manage mobile trading and stalls. For example, some busy areas of the city such as George St are prohibited, and some areas have bookable sites.

Commercial use of footpaths

- 18 Before 2021, the commercial use of footpaths was managed by a policy and was then incorporated within the Bylaw. Consultation in 2020 showed a strong preference for its inclusion (86% of respondents). There were no comments about this trading activity in the early engagement on the Bylaw review.

Rental scheme operators

- 19 In March 2019, the Council approved the early review of the Mobile Trading and Temporary Stall Bylaw with a view to require permits for commercial electric-scooter (e-scooter) and other vehicle transport rental scheme operators, following the launch of an e-scooter rental scheme in January 2019. There was strong support for this activity to be included during 2020 consultation (97% of respondents). The current permit and Code of Practice are working well. There were no comments about this trading activity in the early engagement on the Bylaw review.

Touting

- 20 Touting (soliciting business usually in a direct or persistent way) was introduced to the Bylaw by the Council in 2021 following issues relating to footpath obstruction. This has helped to manage these situations at particularly busy times, for example on cruise ship days. There was strong support for the inclusion of this activity in 2020 (85% of respondents). There were no comments about this trading activity in the early engagement on the Bylaw review.

Street performing

- 21 Street performing was introduced to the Bylaw by the Council in 2021. This has helped to manage footpath access issues. Opinion was divided in 2020 with 52% supporting its inclusion and 48% opposing. In the early engagement for this review, three people said they did not think street performing needed the requirements of a bylaw. Of these three, one commented about encouraging a more vibrant city.

Street fundraising

- 22 Street fundraising was introduced to the Bylaw by the Council in 2021. This has helped to manage this activity. Opinion was divided in 2020 with 54% supporting its inclusion and 46% opposing. In the early engagement for this review, three people said they did not think street fundraising needed the requirements of a bylaw. There were no specific comments about street fundraising.

New Zealand Bill of Rights Act 1990 (NZBoRA) implications

- 23 The Council and its Committee must ensure that any bylaw does not give rise to any implications under the NZBoRA. A bylaw cannot be inconsistent with the NZBoRA, which means the bylaw should only limit relevant rights and freedoms in the NZBoRA if such limits can be demonstrably justified in a free and democratic society (section 5 NZBoRA).
- 24 The intent of the Bylaw is to protect safety, protect the public from nuisance and to regulate trading in public place. The Bylaw may have implications for the right to freedom of movement in the NZBoRA, relative to public places. However, limiting the movement of traders in some public places and for specified reasons, is a proportionate response and is considered a justified limitation for the prevention of harm.

Consultation

- 25 The Act provides that the special consultative procedure must be used to consult on the proposed Bylaw if it concerns a matter of significant interest to the public (under the Council's Significance and Engagement Policy) or the Council considers there is or is likely to be a significant impact on the public. The Council can also choose to use the special consultative procedure for any consultation. It is proposed that the Council use the special consultative procedure and that consultation is conducted during May 2025. Consultation will be open for at least one month from the date the statement of proposal is issued, as required by the Act.
- 26 Engagement methods will include advertising on the DCC website, social media pages, on the Otago Daily Times noticeboard, and via the DCC monthly household mailout, FYI. Key stakeholders such as relevant traders will be advised and invited to comment. Stakeholders include commercial use of footpath businesses, mobile shop traders, street performers, street fundraisers, and tour operators.
- 27 People will have the opportunity to present their views at hearings after May.

OPTIONS

28 Given the statutory requirement for this review, the two options are to approve the proposed Bylaw for consultation with or without any amendments. While it is also an option not to adopt and consult on a replacement bylaw, and let the current bylaw lapse, this is not considered to be a reasonably practicable option, and it has not been further analysed below.

Option One – Approve the draft Bylaw, and adopt the statement of proposal for consultation (Recommended)

Impact assessment

Debt

- No debt funding is required for this option.

Rates

- There is no impact on rates.

Zero carbon

- No impact to emissions is expected with this option.

Advantages

- The proposed Bylaw, SOP and review process comply with the Act’s statutory requirements including use of the SCP.
- Feedback will inform Dunedin’s trading in public places matters and decision-making.

Disadvantages

- There are no known disadvantages.

Option Two – Approve the draft Bylaw, and adopt the statement of proposal for consultation, with amendments

29 This is the same as for Option One, but with any amendments specifically recorded in the Committee’s resolutions.

NEXT STEPS

30 When the Committee approves a Bylaw and SOP for consultation, the following next steps are proposed:

Action	Timeframe
Consultation – using special consultative procedure	May 2025 (for at least one month)
Hearings and Deliberations	Late June 2025
Hearings Committee report to the Council with proposed final Bylaw	August 2025

12 CONDITIONS FOR TRADING ACTIVITIES

12.1 The Council may adopt conditions for trading activities regulated by this bylaw, which may include:

12.1.1 Additional definitions for specific trading activities.

12.1.2 Terms and conditions that apply to a specific type of trading activity permit, including requirements for or restrictions on how the activity is conducted.

12.1.3 Where the trading activity is allowed or not allowed in the district.

12.1.4 Guidance matters and other administrative arrangements relating to permits, which may include additional information to be provided with any application for a permit.

Explanatory note: Conditions are developed and made in accordance with the decision-making requirements in the Local Government Act 2002. Once made, conditions are made available on the Council's website, on the same page as this bylaw.

13 COUNCIL MAY FROM TIME TO TIME RESOLVE RESOLUTIONS

13.1 The Council may from time to time resolve to:

13.1.1 Declare any public place or part of a public place to be an area where a trading activity is prohibited.

13.1.2 Declare any public place or part of a public place to be an area where a trading activity is restricted and only permitted in a specific location.

13.1.3 Declare an activity to be a trading activity.

13.1.4 Declare a trading activity to be prohibited for any period.

BACKGROUND

Local Government Act 2002 and Health Act 1956

- 4 Under the LGA, bylaws can be made for one or more of the following general purposes: protecting the public from nuisance; protecting, promoting, and maintaining public health and safety; and minimising the potential for offensive behaviour in public places (section 145). Bylaws can also be made under the HA for the purposes of improving, promoting, or protecting public health and prescribing the sanitary precautions to be adopted in respect of any business or trade (section 64).
- 5 The LGA requires that a bylaw is reviewed within ten years of the previous review, and this Bylaw is now due for review.

Dunedin Beauty Therapists, Tattooists and Skin-Piercers Bylaw

- 6 There is no national legislation for appearance industries in New Zealand. The appearance industry covers beauty therapy, tattooing or skin-piercing industries. In the absence of national legislation, some local authorities have adopted bylaws.
- 7 The Bylaw was introduced in July 2005 and was made under both the LGA and the HA.
- 8 The purpose of the Bylaw is to protect, promote and maintain public health and safety and, in particular, to prevent the transfer of communicable diseases such as Hepatitis B and C, HIV/AIDS and bacterial skin infections via beauty therapy, tattooing and skin piercing practices. The Bylaw requires that any person undertaking beauty therapy, tattooing and skin piercing processes is licensed, and conducts activities in a manner that complies with the requirements of the Bylaw.
- 9 Indications are that the appearance industries are growing steadily. In Dunedin, the number of registered appearance industry businesses is up from around 60 in 2016 to the current figure of 86.

DISCUSSION

Community engagement

- 10 Early engagement with the community was carried out between 18 November 2024 and 6 December 2024 to inform the review of the Bylaw (and to better understand whether the Bylaw remains the most appropriate way of addressing perceived problems and issues with the appearance industry). Information and an online survey were advertised via the Otago Daily Times noticeboard, and through the Dunedin City Council social media. Targeted emails were sent to key stakeholders such as registered beauty therapists, tattooists, skin-piercers, training providers, Health NZ|Te Whatu Ora and rūnaka, as well as Community Boards advising them of the review and asking for their general feedback.

Results of early engagement

- 11 There were six responses to the public online survey and five responses from key stakeholders. A summary of feedback is presented.

Have you experienced a problem with any of the following in Dunedin in the last ten years?

Response	Number
----------	--------

Never had a problem	5
Health concern as a result of visiting a beauty therapist (including nail technician)	1
Health concern as a result of visiting a tattooist	0
Unregistered tattooist	0
Unregistered skin-piercer	0
Health concern as a result of visiting a skin-piercer	0
TOTAL	6

If yes, please elaborate:

- Infection following a pedicure.

Do you have any other comments about beauty therapy, tattooing or skin-piercing practices in Dunedin?

Six respondents commented on the following topics:

- Comprehensive rules are working well/had good experience (x 3)
- Support for more oversight into compliance
- Other issues outside the scope of the bylaw.

Feedback from stakeholders

There were five responses from stakeholders such as Health NZ and practitioners. Topics ranged from hygiene to processes and that the Bylaw is generally working well.

Proposal

- 12 The Bylaw is generally working well to regulate appearance industries in Dunedin, and to help with reducing the incidence of infections and the transfer of communicable diseases. It is proposed to retain most of the Bylaw controls as part of this review. There are also opportunities to update the Bylaw with current and emerging practices and in places to add a greater level of protection. These changes of substance are relatively minor in nature and are detailed in Table 1.
- 13 The opportunity was also taken to modernise the language, improve the flow of the document by re-ordering content, provide explanatory notes and simplify wording to make it clearer. These changes are not detailed in the table but are apparent in the tracked changes version of the proposed Bylaw.

Table 1: Proposed changes to the Bylaw

Section	Proposed change	Reason
Application of bylaw	Add clause about traditional and customary tattooing	To be clear about this exemption.
Purpose	Add wording to the purpose of the bylaw	To align the purpose more clearly to section 145 of LGA.

Section	Proposed change	Reason
Definitions	Add <i>Licence</i>	To clarify the meaning for this term.
	Change <i>prescribed process</i> to <i>service</i>	Modernise the language.
	Add <i>skin penetration</i>	For clarity.
Licence may be altered, suspended, cancelled, or reviewed	Add this clause that the Council may alter, suspend, or cancel a licence if licence conditions are being breached.	To provide a greater level of protection.
General conditions	Add requirement that parent or legal guardian must be present during a skin-piercing or penetration process for a person under 16 years (in addition to providing permission).	To provide a greater level of protection.
	Remove the requirement that a person may not provide a service to anyone whom they suspect is under the influence of alcohol, drugs or mind-altering substances.	This may be unreasonable and potentially unenforceable.
	Remove the requirement that no one may smoke on the premises.	This is covered by the Smokefree Environments and Regulated Products Act 1990.
	Remove the requirement that no animals except disability assist dogs are permitted on the premises.	This may be unreasonable and potentially unenforceable.
	Add requirement for bloodborne pathogen training for skin piercing and skin penetrating operators.	To provide a greater level of protection.
Records	Remove reference to UV cabinet and glass bead sterilisers.	To update this section as these units are unable to be serviced or calibrated.
	Include disposable sharps in the disposal of medical waste.	To be clear that disposable sharps are included here.
Physical aspects of designated and mobile premises	Remove the references to the 'piped supply of hot and cold water.	To update this section to allow for mobile hand wash units.
	Add that linen/paper must be replaced after each single use (in addition to after each client).	To be clear about this expectation.
Conduct	Add clarity around hand washing – defining the method and length of time.	To provide clear direction on this element of hygiene.
	Remove the requirement for a written blood contamination procedure for disinfecting and cleansing materials but ensuring licensee can demonstrate awareness of these practices.	To reflect current practice which works well.

Section	Proposed change	Reason
Tattooing and Skin piercing	Add that no person may undertake eyeball tattooing unless a qualified ophthalmologist	To ensure an additional level of protection for this emerging practice.

New Zealand Bill of Rights Act 1990 (NZBoRA) implications

- 14 The Council and its Committee must ensure that any bylaw does not give rise to any implications under the NZBoRA. A bylaw cannot be inconsistent with the NZBoRA which means the bylaw should only limit relevant rights and freedoms in the NZBoRA if such limits can be demonstrably justified in a free and democratic society (section 5, NZBoRA).
- 15 The intent of the Bylaw is to provide reasonable controls to protect public health and safety, and to protect the public from nuisance by regulating appearance industry practices. Council officers have not identified any specific rights in the NZBoRA that would be impacted by this Bylaw, but regulating the appearance industries for the reasons specified and as provided in this Bylaw is considered a proportionate response and a justified limitation for the prevention of harm that can arise with these services.

Consultation

- 16 The LGA provides that the special consultative procedure must be used to consult on the proposed Bylaw if it concerns a matter of significant interest to the public (under the Council's Significance and Engagement Policy) or the Council considers there is or is likely to be a significant impact on the public. The Council can also choose to use the special consultative procedure for any consultation. It is proposed that the Council use the special consultative procedure and that consultation is conducted during May 2025. Consultation will be open for at least one month, as required by the LGA.
- 17 Engagement methods will include publication and advertising on the DCC website, social media pages, on the Otago Daily Times noticeboard, and via the Dunedin City Council monthly mailout, FYI. Key stakeholders such as registered appearance industry practitioners, Health NZ | Te Whatu Ora and rūnaka will be advised and invited to comment.
- 18 There will be the opportunity for people to present their views at hearings on the proposed Bylaw after the consultation period has closed.

OPTIONS

- 19 Options are whether to approve the draft Bylaw and adopt the statement of proposal for consultation purposes, with or without amendments. While it is also an option not to adopt and consult on a replacement Bylaw, and let the current Bylaw lapse, this is not considered to be a reasonably practicable option, and it has not been further analysed below.

Option One – Approve the draft Bylaw and adopt the statement of proposal for consultation purposes (Recommended)

Impact assessment

Debt

- This option will have no impact on debt.

Rates

- This option will have no impact on rates.

Zero carbon

- No change to emissions is expected from this option.

Advantages

- The proposed Bylaw, SOP and review process comply with the Act’s statutory requirements including the SCP.
- Proposed updates provide greater ability to protect public health and safety.
- Feedback will inform the Bylaw.

Disadvantages

- There are no known disadvantages.

Option Two – Approve the draft Bylaw and adopt the draft statement of proposal with amendments, for consultation purposes

Impact assessment

20 This option is the same as Option One, with any specific amendments resolved by the Committee.

NEXT STEPS

21 When the Committee approves a Bylaw and SOP for consultation, the following steps are proposed:

Action	Timeframe
Consultation – using special consultative procedure	May 2025 (for at least one month)
Hearings and Deliberations	Late June 2025
Hearings Committee report to the Council with proposed final Bylaw	August 2025
