## Application for Funding from the Saddle Hill Community Board

**Date:** 05/09/2025

**Name of Group Applying for Funds:** Brighton Bowling Club

**Contact person:** John Finlayson

**Position Held:** President

**Phone Number:** 0274688340

**Email:** brightonbowls1066@gmail.com

**Address:** 1066 Brighton Road, Brighton, Dunedin

**Post Code** 9035

**\*\*\* Please note: the above fields are compulsory**

**If the person responsible for the project differs from the contact, please provide details including name, contact phone number and email address.**

**Details of the project you are seeking funding for:**

We are seeking funds for the provision of a community defibrillator to be held at the Brighton

Bowling Club. We have planned for a defibrillator for some time but on-going increases in costs to

maintain the club and greens make allocation of sufficient funds difficult. For example this years

budget is set to us with an estimated \$4000 deficit.

Please attach any additional information including any quotations which may be useful in explaining the project. ***Clubs and other groups should include a copy of their last financial statement with their application.***

**Amount sought from the Saddle Hill Community Board:** \$ 2410.00

**Total cost of project:** \$ 2410.00

**Amount already raised:** \$

**How will the rest of the project cost be funded including any funding sought from any other Dunedin City Council source?**

From our reserves should funding in full not be received

**Project completion date:**

*The funding must be used within one year of the grant application or it must be returned to the Board unless you have provided a report and request for an extension of time.*

**Is the project a one-off / annual/ biennial / other event? If other, please detail:**

This is a one-off purchase

**Detail the benefits to your organisation and/or the wider community which will result from this project:**

Our club consists of a wide range of age groups both as bowlers and social members. We host  
bowlers from around the Dunedin area throughout the bowling season. A significant number of  
bowlers are in the 60+ age group and therefore significantly more at risk of heart related issues.  
In addition the clubrooms are used for meetings of community groups once again most in the  
senior age group.

**Has your group made an application to the Board for funding support within the last five years?** Yes ☐ No ☒

**If yes, how much was granted, and what was that money used for?** \_\_\_\_\_

**All approved funding is subject to the following:**

**The organisation/group must report back to the Board within six months of the project completion or six monthly until the project is completed.**

**Do you agree to provide a report back on the project should you have funding approved:** Yes ☒ No ☐

You may either use the form attached or provide your own written report, however it must include the points covered on the form.

**\*\* Any funds approved MUST be paid directly into the organisation's bank account, please supply a copy of the bank account name and number separately.\*\***

- Applicants are encouraged to attend the Community Board meeting to speak to their application and answer any questions the Board may have.
- Applications will be considered on their own merits.

If you would like to attend a Board meeting to speak to your application, please contact Governance Support on 477-4000

The application form is also available on [www.dunedin.govt.nz](http://www.dunedin.govt.nz) and should be returned to Governance Support, Dunedin City Council, P O Box 5045, Dunedin 9058 or [governance.support@dcc.govt.nz](mailto:governance.support@dcc.govt.nz)

Please contact either Paul Weir (Chairperson) or one of the other Community Board members with any queries you may have.

Hi Jacqui & Greg

Thank you for your enquiry. Purchasing an Automated External Defibrillator (AED) is crucial for several reasons:

**Immediate Response:** AEDs provide immediate assistance in cases of sudden cardiac arrest. Having one readily available can significantly increase the chances of survival, as time is critical in such emergencies.

**Easy to Use:** AEDs are designed to be user-friendly, with clear instructions and voice prompts that guide even untrained individuals through the process of administering a life-saving shock.

**Increased Survival Rates:** Studies have shown that the use of AEDs, along with CPR, can dramatically improve survival rates for sudden cardiac arrest victims. Every minute without defibrillation decreases the chance of survival, making quick access to an AED essential.

**Cost-Effective Investment:** While the initial cost of purchasing an AED may seem significant, it is a relatively small price to pay for the potential to save lives. The value of having a device that can quickly restore normal heart rhythm during an emergency is immeasurable.

Purchasing an AED is a proactive and responsible decision that can make a significant difference in saving lives during sudden cardiac emergencies. Here are a couple of options we think would suit your workplace. All of the units we sell also get a free defib training session for staff. Please if you have any questions or wish to order a unit feel free to contact us.

1. Heartsaver AED7000

Bracket Package

- \$2095.00
- \$170.00 cost of pads, replaceable every 2 years
- \$220.00 cost of battery, replaceable every 5 years
- Comes with a wall bracket and in a carry case.
- Paediatric pad capable and available at an extra cost
- 5 year warranty

2. BeneHeart C1A Semi-auto

- \$2375.00
- \$165.00 cost of pads, replaceable every 5 years
- \$78.00 cost of pads, replaceable every 2 years
- \$395.00 cost of battery, replaceable every 5 years
- Adult to paediatric switch. No need for another set of pads.
- Drop shock tested
- 5 year warranty
- Can have 2 languages programmed in, your choice of what 2. Te Reo is one of the options

Prices exclude gst.

*Kind Regards,  
Samara Scott*
