Outlook

Volatility is expected to continue in coming months on the back of heightened political tensions, including the elongated US government shutdown, the failure of the UK parliament to agree on a BREXIT plan and tense US-China trade talks.

These uncertainties, along with softer economic data, have put a brake on the upward trajectory of global interest rates. Locally, interest rates are also expected to remain on hold for the foreseeable future.

The NZ dollar has also experienced volatility over the past quarter and expectations are for it to remain reactive as political news unfolds.

RECOMMENDATIONS

That the Committee:

- a) **Notes** the Financial Performance for the period ended 31 January 2019 and the Financial Position as at 31 January 2019.

19 March 2019

BACKGROUND

- 3 This report provides the financial statements for the period ended 31 January 2019. It includes reports on: financial performance, financial position, cashflows and capital expenditure. The operating result is also shown by group, including analysis by revenue and expenditure type.

DISCUSSION

- 4 Operating revenue exceeded budget primarily due to increased activity in building services, cemeteries & crematorium and parking operations.
- 5 Grants revenue was ahead of budget primarily due to additional NZTA income generated from higher than expected capital expenditure on roading projects – cycleways, peninsula widening and flood reinstatement. The result also included the initial payment from the Provincial Growth Fund.
- 6 Overall expenditure was unfavourable to budget primarily due to: higher depreciation resulting from asset revaluations carried over from 2017/18 (Three Waters and Transport) and additional personnel costs including unbudgeted recruitment activity, costs associated with 2GP and a budget shortfall in Aquatics.
- 7 These unfavourable variances were partially offset by lower than expected interest costs due a favourable floating interest rate.
- 8 The year to date Waipori result was reflective of current market conditions with fair value write downs across the international equity portfolios. There was however a positive market movement in the current month.
- 9 Capital expenditure was running ahead of the revised budget, particularly driven by activity in the infrastructure group.
- 10 The graphs in attachment A, show reported metrics in line or better than expected.

FINANCIAL REVIEW

For the period ended 31 January 2019

This report provides a detailed commentary on the Council's financial results for the period ended 31 January 2019 and the financial position at that date.

NET SURPLUS/(DEFICIT) (INCLUDING WAIPORI)

The net deficit (including Waipori) for the period ended 31 January 2019 was \$210k or \$500k better than budget.

REVENUE

The total revenue for the period was \$175.494 million or \$4.095 million greater than budget.

The major variances were as follows:

Other Operating Revenue

Actual \$43.060 million, Budget \$42.198 million, Favourable variance \$862k

Regulatory Services revenue was favourable \$343k, mainly due to increased building services activity.

Parking Operations revenue was favourable \$123k reflecting increased usage of parking facilities both on-street and off-street.

Revenue from cemeteries and crematorium was favourable \$144k primarily due to an increase in the number of cremations.

Transportation revenue was favourable \$148k mainly due to greater than expected corridor accessway revenue.

Grants

Actual \$23.671 million, Budget \$21.494 million, Favourable variance \$2.177 million

Transport grants and subsidy revenue was favourable \$1.281 million primarily due to the higher level of capital project delivery.

Art Gallery revenue was favourable \$194k mainly due to an unbudgeted equipment grant for racking.

Investment Account revenue was favourable \$600k due to the unbudgeted Waterfront grant from the Provincial Growth Fund

EXPENDITURE

The total expenditure for the period was \$177.025 million or \$2.015 million greater than budget.

The major variances were as follows:

Personnel Costs

Actual \$36.246 million, Budget \$35.604 million, Unfavourable variance \$642k

This unfavourable variance was due to higher than expected recruitment costs, unbudgeted costs associated with the 2GP and a budget understatement in Aquatics (remedied for the 2019/20 budget).

Operations and Maintenance Costs

Actual \$37.791 million, Budget \$37.869 million, Favourable variance \$78k

19 March 2019

Transport costs were favourable \$623k. Winter environmental maintenance has been minimal due to favourable weather conditions. The amount of sealed pavement and footpath maintenance work and subsidised emergency work was also less than expected.

BIS costs were favourable \$579k with project management and other contracted services costs being less than expected.

These favourable variances were offset by:

Property costs were unfavourable \$1.134 million, and included increased reactive maintenance in the housing portfolio along with unbudgeted costs associated with demolition work and asbestos removal at Thomas Burns St and Dukes Road.

Parks costs were unfavourable \$538k due to greater than budgeted building maintenance and reserves work to date.

Civic and Admin Services were unfavourable \$122k due to unbudgeted costs associated with the second-generation district plan.

Consumables and General Costs

Actual \$11.866 million, Budget \$11.274 million, Unfavourable variance \$592k

Waste and Environmental Services consultants costs were unfavourable \$237k due to unbudgeted expenditure related to the Waste Futures project.

Resource Consents was unfavourable \$182k mainly due to the need to use planning consultants to deal with the number of consent applications.

Regulatory Services was unfavourable \$112k due to the cost of offsite processing of consents and competency assessments.

Investment Account costs were unfavourable \$160k due to unbudgeted costs associated with the Waterfront project proposal. This overspend was funded from the Provincial Growth Fund grant discussed above.

Grants and Subsidies Costs

Actual \$7.960 million, Budget \$8.282 million, Favourable variance \$322k

The favourable variance was due to delayed disbursement of a number of grants including heritage support and waste strategy.

Depreciation

Actual \$38.789 million, Budget \$36.982 million, Unfavourable variance \$1.807 million

This variance was due to a revaluation of Three Waters and Transportation assets impacting both the depreciable replacement cost and asset useful lives.

Interest

Actual \$6.668 million, Budget \$7.546 million, Favourable variance \$878k

Interest expenditure was less than budget primarily due to a favourable floating interest rate applied to the non-fixed interest borrowing.

WAIPORI FUND NET OPERATING RESULT

Actual \$1.321 million, Budget \$2.901 million, Unfavourable variance \$1.580 million

The year to date Waipori result was reflective of current market conditions with fair value write downs across the international equity portfolios. There was however a positive market movement in the current month.

STATEMENT OF FINANCIAL POSITION

A Statement of Financial Position is provided as Attachment C.

Short term investments of \$6.241 million relate to the Waipori Fund.

STATEMENT OF CASHFLOWS

A Statement of Cashflows is provided as Attachment D.

Cash flow from operations was greater than expected primarily due to the increased grants revenue to fund transport related capital projects.

Overall cash outflows from investing activities was in line with budget.

CAPITAL EXPENDITURE

A summary of the capital expenditure programme by Activity is provided as Attachment E.

Total capital expenditure for the period to 31 January 2019 was \$48.573 million or 52% of the amended full year budget of \$92.986 million.

Corporate Services capital expenditure was \$224k underspent

This underspend was primarily driven by lower than expected expenditure related to the implementation of the new Electronic Document and Records Management system.

Property capital expenditure was \$2.504 million underspent

Some property upgrade projects are in the final stages of design and consenting, including the Mosgiel Library re-roof, Edgar Centre structural strengthening project and the 54 Moray Place compliance upgrade. These projects are likely to commence late February/early March 2019.

Transport capital expenditure was \$1.760 million overspent

The primary driver for this overspend related to expenditure on the peninsula widening project, with anticipated early delivery of sections of the programme

This overspend has been partially offset by delays in a number of projects including LED lighting and permanent reinstatement costs related to the July 2017 rain event.

Three Waters capital expenditure was \$2.979 million overspent

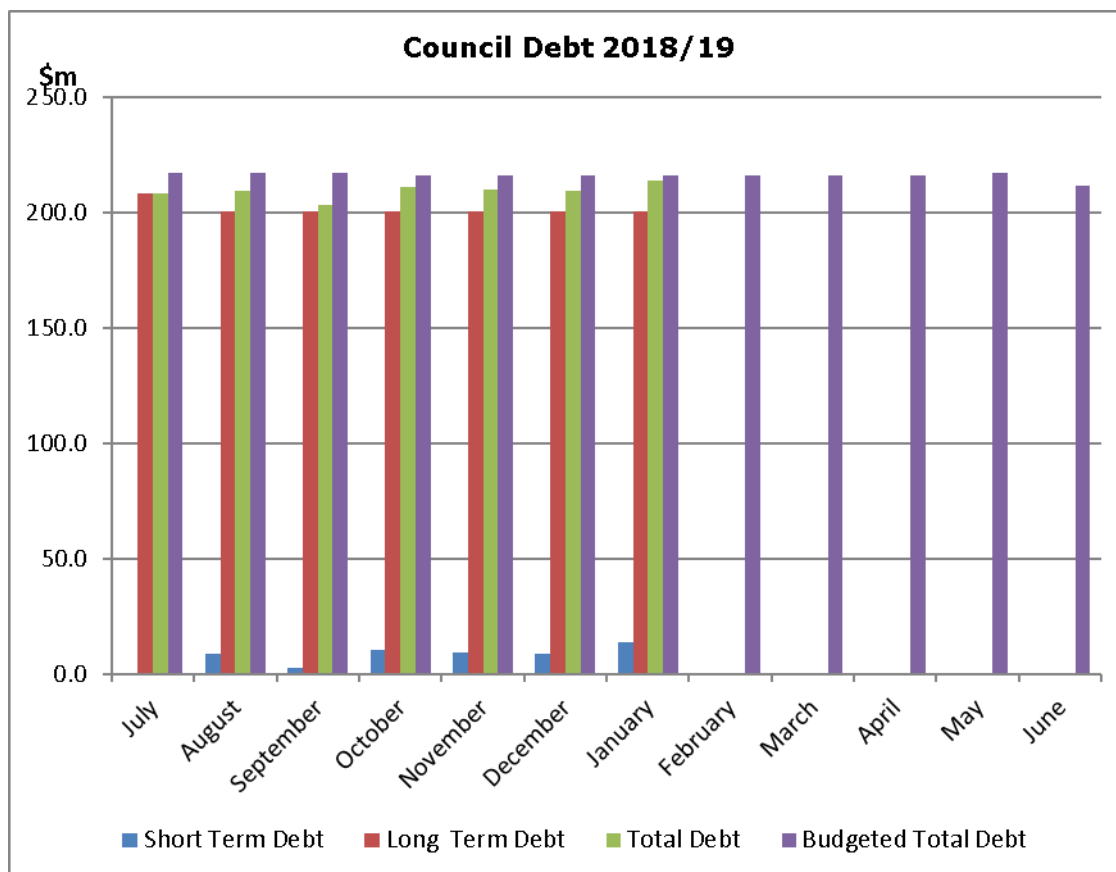

This overspend was primarily driven by costs associated with the completion of the Ross Creek Reservoir Refurbishment project. There was also some unbudgeted emergency works including wastewater pipe renewals on Brighton Road.

DEBT

Refer to Attachments F and G.

Attachment F provides a summary of the debt servicing ratios.

All three targets were within policy.

COMMENTS FROM GROUP ACTIVITIES

Attachment H, the Summary of Operating Variances, shows by Group Activity the overall net surplus or deficit variance for the period ended 31 January 2019. It also shows the variances by revenue and expenditure type.

Community and Planning - \$402k Favourable

Operating costs were favourable \$459k in part due to delayed disbursement of grants including City Service and Heritage.

Corporate Services - \$552k Favourable

BIS operating costs were favourable due to the delayed timing of project management/contracted services costs.

Property - \$929k Unfavourable

Operating costs were unfavourable \$631k, due to higher than expected levels of housing maintenance and some unbudgeted projects in particular the demolition of buildings at three sites.

Revenue was unfavourable to budget due to vacancies across the portfolio in part to allow for the redevelopment of properties including the School Street Housing complex and 54 Moray Place.

19 March 2019

These unfavourable variances were partially offset by lower staff costs (\$117k) as vacancies were still in the process of being filled.

Parks and Recreation - \$439k Unfavourable

Parks operating costs were unfavourable \$916k mainly due to an increased focus on building maintenance, seismic and asset condition assessments and unscheduled reserve works.

This unfavourable variance was partially offset by higher revenue including: increased number of cremations, favourable participation in the new inhouse swim school and higher than expected development contributions.

Customer and Regulatory Services - \$603k Favourable

External revenue was favourable \$532 with increased activity across a number of operational areas – in particular parking operations and building services.

Transport - \$1.925 million Favourable

Transport external revenue was greater than budget (\$1.437 million) due to NZTA funding for capital projects including the Green Island roundabouts, urban cycleways, peninsula road widening and flood response work.

Transport operating expenditure was favourable \$724k due to winter environmental maintenance being minimal due to favourable weather conditions and the amount of sealed pavement and footpath maintenance work being less than expected.

Three Waters - \$992k Unfavourable

This unfavourable variance was primarily due to higher than budgeted depreciation resulting from the revaluation of Three Water assets impacting both the depreciable replacement cost and asset useful lives.

This unfavourable variance was partially offset by savings in personnel costs due to vacancies in the Planning activity, and higher than budgeted development contributions.
