REPORTS

REPRESENTATION REVIEW SUBMISSIONS 2021

Department: Civic

EXECUTIVE SUMMARY

- 1 The purpose of this report is to provide information to the Council Hearings Panel on the submissions received for the 2021 Representation Review. The report is also intended to provide assistance to the Hearings Panel in hearing the submissions and considering them.
- 2 The report sets out the main issues raised by submitters during the consultation process; outlines the legislative requirements for the remainder of the process and presents the matters that Council has to consider in reaching its final decision.
- 3 The Hearings Panel will provide a recommendation as to whether it will confirm or amend the Initial Proposal.

RECOMMENDATIONS

That the Hearings Panel:

- a) **Considers** the submissions received on the Representation Review and makes a recommendation to Council regarding its final proposal.

BACKGROUND

- 4 Councils are required to review their representation arrangements at least once every six years. The Council last reviewed its arrangements in 2015. In December 2020 Council appointed an independent review panel (the panel) which carried out consultation prior to presenting its report to Council on 10 August 2021. The panel held discussions with elected members (including community board members) and interested groups, and received 85 responses to a public survey.
- 5 Council resolved on 10 August to adopt an Initial Proposal that the current representation arrangements remain. The resolutions were advertised in accordance with the Local Electoral Act (the Act) and public submissions were called for between 14 August and 18 September 2021. The submission period was extended to 4 October due to the introduction of a Covid-19 level 4 lockdown in August.

- 6 A public notice was placed in the Otago Daily Times on 14 August. The Otago Daily Times and the Star provided articles on the subject at various times. The notice was also placed on the Council's website.
- 7 Seven submissions were received. Three of those submitters indicated they wished to be heard.

DISCUSSION

- 8 The submissions are available on the Council's website. Four submissions were from individuals and three from community boards. Four submissions indicated general support for the proposal. One submission was opposed to the proposal and two submissions did not indicate support either for or against the proposal.
- 9 Several submissions made comments on specific aspects of the proposal. Two submitters argued for a ward-based system. One of these said there should be a rural ward of 3 Councillors and a general ward of 11 councillors.
- 10 Five submitters were in favour of retaining community boards. Of these, one wanted to see more community boards, three supported the current number of community boards.
- 11 One submission sought a review of the Saddle Hill Community Board boundary to the north and west of the current boundary to include the suburbs of Green Island, Sunnyvale and Abbotsford.
- 12 Several submissions raised issues that are not part of the review.
- 13 Under the Act Council is required to consider the submissions and decide which submissions (if any) it will incorporate as amendments to the Initial Proposal and which submissions it will reject (if any) along with the reasons for rejecting them.

OPTIONS

- 14 Several options are open to the Council

Option One – Adopt the Initial Proposal as advertised – Status Quo

Advantages

- Meets the statutory requirements and the public have had the opportunity to submit
- The current arrangements have been in place for two electoral cycles and the public are familiar with them

Disadvantages

- There are no known disadvantages

Option Two – Adopt a variation of the Initial Proposal

- 15 This option is to adopt the advertised proposal with specific changes made in response to the submissions received

Advantages

- The public have had the opportunity to submit to the proposal
- The Council would be responding to any major concerns of submitters

Disadvantages

- Members of the public may have submitted on the proposal if they had known changes would be made

NEXT STEPS

- 16 Council is required to consider the submissions and determine its final proposal and give public notice of the final proposal within six weeks of the closing date of submissions (15 November 2021). A report will be prepared for the 27 October for Council to make a decision on its final proposal. It must then give public notice of its final proposal and state the reasons for any amendments and the reasons for any rejection of submissions.
- 17 Any person who made a submission on the Initial proposal may appeal the Council's final decision. If council decides to amend its initial proposal any interested person may then lodge an objection to the amended final proposal.
- 18 If no appeals or objections are received the proposal becomes final. If appeals or objections are received then they will be forwarded to the Local Government Commission for determination by 10 April 2022.

General Feedback

Representation Review update att Mayor & Councilors now having time to read & absorb the Review committees report as adopted by Council for Comment may i acknowledge the document and in general support the recommendations 1/ number of Councilors 2/ Community Board recommendations 3/ but as outlined in my original submission i offer some experience of Changes of representation in over 40 years to Council to ensure 85% plus of our city has balanced & meaningful representation. Yes I'm talking of the unique makeup of Dunedin city ... not just equal representation by the electoral system ,based on population. But to ensure our city retains a Rural voice(s) at the council table . in former electoral systems this council have had wards to ensure a balance to representation / voice / residents access / to name a few key elements to absolute element of local democracy . we are seeing many changes on a NZ wide / central government pathway that's taking the Local OUT of local government , the Pending 3 waters as an example (a \$2.3 b)asset owned by & built by our ratepayers with little / public consultation to date. The local government review starting soon , are example we MUST look after ourselves by providing local leadership and in this I'm asking to ensure we retain the special nature of Dunedin city people of the city setting our own future . Uniquely Dunedin is special so lets find a special way to protect our city in the most positive manner possible we have a great history but sure as need a vision to ensure we are vibrant for the next decades building our or strengths ... People and voices to drive us forward on all natural & built assets we have at our fingertips . I look forward to sharing some additional thoughts with Council in due course .

Sincerely Colin Weatherall

General Feedback

My main interest is in cutting the local community boards back to one representative.

Why? 1. Often poor quality candidates who are just doing it for the money and have not much history of community volunteering in their past. 2. I don't see much evidence of their doing enough to warrant the expenditure. 3. We're a small town and one group of councillors is sufficient.

Representation Review Panel

I am submitting on behalf of the Saddle Hill Community Board. In principle, the Saddle Hill Community Board supports the recommendations of the Representation Review Panel.

However, we would like a review of the boundary of the board to the north and north west to incorporate Green Island, Sunnyvale and Abbotsford within the Saddle Hill Community Board boundary. The reason we ask for this is that there is often confusion where our boundary lies, we have even had staff ask for feedback with this not realising these communities technically sit outside our board area.

The Green Island Hub just that, it is the hub for the Saddle Hill Community Board area, it is where we (the community) shop, access services, meet and catch up. Many of the Sports Clubs in Green Island rely on players and administrators from our board area so there is a very strong synergy. We currently support some the Sunnyvale and Abbotsford communities, so it seems practical and logical to tidy this up.

We have the knowledge and capacity to represent this area and we hope you see the value in adding this to the Saddle Hill Community Board area.

We would also like to table concern that there are no longer any wards for city councillors, a large portion of our city is rural, but we run a real risk that we may, in the future, no longer have a rural voice at the Council table which we feel is essential to ensure all our residents are represented.

I would like to speak to our submission please.

Yours faithfully

Scott Weatherall

General Feedback

The quality of this review can be measured by the absence of any attempt to draw it to public attention. That has already produced the predictable result of only 80 responses to the first call for submission. A review that is based on such a minuscule sample is inherently flawed. Especially when the results of the first review show there is little difference between a call for change and satisfaction with the status quo. Such small numbers are not representative and that is usually considered a fatal flaw. Except, apparently when dealing with arrangements that have served the current incumbents well, but the voters have indicated they would like to change. That furthers the problems of the initial survey form being limited and loaded.

I do not support a continuation of the current system. At least the following changes are required: 1) Replace STV with FPP: STV is only effective when 100% of the population votes. That does not occur in Dunedin. That means candidates who only receive a few hundred votes in their own right subsequently proclaim a far higher mandate from the public after transfers. It means candidates who were rarely first choice subsequently outpace those were: As the current Councillors know given how many of you required 40-70 iterations until you had been transferred enough votes from other candidates to gain a seat. This is not rule by majority it is tyranny by a whimsical minority whose votes are co-opted in ways they cannot even predict.

2) Reintroduce wards: Practically representing “everyone” actually means representing no one. Being required to live in and represent a ward creates unavoidable accountability. Only those wishing to avoid accountability do not support that.

3) Reinstate a community board for every area. They also increase accountability and it can be shown the most disaffected areas are those without boards. Residents in those areas are forced to deal directly with Council staff with no ability to appeal for assistance, and the negative impact of that is self-evident.

Residents in areas with boards benefit from their own vote as well as the voice and vote of their board. Those without a board have only one voice and vote. Any system based on allowing one group two votes while allowing another group only one is inherently unfair.

The total salary for a full community board is less than \$60,000/annum. At that price two is affordable, even three. It is a small price to pay for residents to be heard, protected from negative impact and served with respect for their humanity.

4) Stop treating place-based groups as if they are properly elected community boards. They are designed for tiny “adopt-a-monument” type projects. They are not representative, they are self-interested lobby groups who have given themselves a grand-sounding name. Council decides secretly and on whim which ones to recognise. Some admit to swapping support for contentious Council decisions in return for funding grants. Votes for hire is unjustifiable.

But the number of those groups in areas without a community board reinforces the critical importance of restoring the latter.

5) No political affiliations: Candidates must commit to serving local interests, not political ideology. Local government for locals.

Representation Review Panel

The West Harbour Community Board appreciates the opportunity to provide feedback on the Representation Review; and supports the panel's proposal that Dunedin City continue with the current representation for Council and Community Boards. Fourteen Councillors elected at large and 6 Community Boards with 6 members each, and an appointed Councillor per Board.

Effective representation from the flaxroots of our Communities is essential. Local voices can get lost in the bigger picture, and that is detrimental to the vibrant, inclusive society that we all strive to be part of.

Councillors elected at large and 6 Community Boards with 6 members each go some way to ensuring that those voices do not get lost.

Yours faithfully

Francisca Griffin
